**Mike Jess**

## **Charts Datamine Charts Data For The Mining Industry:**

**Canaries in the Data Mine** Gregory T. Donovan,2020-10-21 Canaries in the Data Mine offers an account of the lived experiences and cultural expectations of young people growing up in digital environments increasingly owned by others and designed for profit At the book s core is a participatory research project that first interviewed New York City teens about their digital habits and then engaged a group of five young people in designing the prototypical platform of their time a social network In this engaging book Gregory T Donovan penetrates beyond the interface to consider the digital geography of contemporary youth arguing that understanding what young people are grappling with portends what is or will soon be felt by society at large Drawing from in depth interviews and design workshops he shows how informational capitalism is reproduced at an intimate scale as well as how involving young people in digital design can foster capacities for reworking and resisting the conditions of a rising rentier society

Bio-inspired Algorithms for Data Streaming and Visualization, Big Data Management, and Fog Computing  
Simon James Fong, Richard C. Millham, 2020-08-25 This book aims to provide some insights into recently developed bio inspired algorithms within recent emerging trends of fog computing sentiment analysis and data streaming as well as to provide a more comprehensive approach to the big data management from pre processing to analytics to visualization phases The subject area of this book is within the realm of computer science notably algorithms meta heuristic and more particularly bio inspired algorithms Although application domains of these new algorithms may be mentioned the scope of this book is not on the application of algorithms to specific or general domains but to provide an update on recent research trends for bio inspired algorithms within a specific application domain or emerging area These areas include data streaming fog computing and phases of big data management One of the reasons for writing this book is that the bio inspired approach does not receive much attention but shows considerable promise and diversity in terms of approach of many issues in big data and streaming Some novel approaches of this book are the use of these algorithms to all phases of data management not just a particular phase such as data mining or business intelligence as many books focus on effective demonstration of the effectiveness of a selected algorithm within a chapter against comparative algorithms using the experimental method Another novel approach is a brief overview and evaluation of traditional algorithms both sequential and parallel for use in data mining in order to provide an overview of existing algorithms in use This overview complements a further chapter on bio inspired algorithms for data mining to enable readers to make a more suitable choice of algorithm for data mining within a particular context In all chapters references for further reading are provided and in selected chapters the author also include ideas for future research

**Mining Source Book**, 1991 *Applying Business Intelligence to Clinical and Healthcare Organizations* Machado, José, Abelha, António, 2016-02-10 Business intelligence BI tools are capable of working with healthcare data in an efficient manner to generate real time information and knowledge relevant to the success of healthcare organizations Further BI tools benefit healthcare professionals making critical decisions within hospitals clinics and physicians offices *Applying Business Intelligence to Clinical and Healthcare Organizations* presents new solutions for data analysis within the healthcare sector in order to improve the quality of medical care and patient quality of life Business
