Answers for Changes in Supply

Part A

Based on the information provided in Figure 13.2, each event will be judged as one of two changes in the supply of cars. Use the blue arrows in the right of the graph to show whether the event will cause a change in supply. Use the green arrows to show whether the change in supply will increase or decrease the supply. In the third column, describe how the supply curve shifts and in which direction. Use the fourth to the sixth columns. Use Figure 13.2 to help you. Green arrows at points A and B show only one possible change. Blue arrows indicate that the supply of cars can change in two ways.
