Competitive Technical Intelligence A Guide To Design Analysis And Action:

Competitive Technical Intelligence Mathias M. Coburn,1999 This volume provides the tools for designing and implementing a credible cost effective and reliable system for keeping track of technical trends and new developments The emphasis throughout is on practical methods which can form the basis for decisions about industry strategies and research The book includes numerous examples and will be useful for both new and experienced practitioners **Managing**

Frontiers in Competitive Intelligence David L. Blenkhorn,Craig S. Fleisher,2000-11-30 For specialists and nonspecialists alike this perceptive selection of the newest and up and coming tools and techniques of competitive intelligence offering a well balanced combination of theory and practice It shows how advances in computers and technology have accelerated progress in CI management and the ways in which CI has affected and been affected by all major business functions and processes It explores applications to organizations of various sizes and types in both the public and private sectors Editors Fleisher and Blenkhorn link leading edge research in CI to advances in current practice and balance pragmatic against conceptual concerns Analysts strategists and organizational decision makers at higher levels will find the book especially valuable as they seek to make sense of the business environment and assess their organizations evolving dynamic places in it The pace of change in today s global competitive economy is greater than at any time in recorded history Thus as never before companies need better tools for business and competitive analysis The book surveys applications of CI that are critical to business processes such as mergers and acquisitions and to evolving industries such as biotechnology They focus on how push and pull Internet technologies affect data gathering and analysis and how CI can be managerially assessed using multiple evaluative approaches unavailable until now in the public domain They then turn to the future and lay out some startling yet plausible viewpoints on what the next frontiers of competitive intelligence will be and how organizations can and must ready themselves for them **Business Research Handbook** Shimpock,2004-11-23 Business Research Handbook is

the best strategic approach to research It gives you ready to adapt strategies that streamline and focus your information search complete with Procedures that progressively sift and regroup your research decision points that allow you to evaluate which steps remain The most cost effective ways to take advantage of today s electronic media resources Efficient ways to retrieve the information your search has located Easy to adapt sample research strategies are found throughout the book to help you confidently and quickly conduct your research in unfamiliar areas You will find that the Business Research Handbook is designed in a graphic user friendly format with easy to recognize icons as reference pointers and extensive lists of sources and material to help you obtain the information you need to Compile biographical information on key players or parties Investigate potential business partners or competitors Engage in marketing research Compile a company profile Locate expert witnesses and verify credentials And much more **Guidelines for Preparing Patent Landscape Reports**
