Beethoven Maynard Solomon, 1998 Biography of Ludwig van Beethoven discussing his life music and career

Beethoven Maynard Solomon, 1977 Presents a comprehensive study of Beethoven his career and his music

Beethoven Maynard Solomon, 1979 A detailed exploration of Beethoven's music which traces the relationships between particular emotional crises in his life and stylistic changes in his work *Beethoven Essays* Maynard Solomon, 1988 This book contains virtually all of my important Beethoven essays most of which were written during the past ten years Primarily these are depth studies of psychological historical and creative issues whose implications cannot be fully explored within the confines of a narrative biography *Late Beethoven* Maynard Solomon, 2003 Using Beethoven's letters diaries and conversation books this text traces his attraction to a constellation of heterogeneous ideas drawn from Romanticism Freemasonry comparative religion Eastern initiatory ritual Mediterranean mythology aesthetics and classical and contemporary thought **Symposium on Beethoven**, 1979 **Mozart** Maynard Solomon, 1995 A biography of eighteenth century Austrian composer Wolfgang Amadeus Mozart discussing his childhood his talent as a composer and musician his tumultuous career and personal life and his early death **Lessons of Romanticism** Thomas Pfau, Robert F. Gleckner, 1998 Explores how the Romantic period gave birth to a seductive cognitive cultural program that retains far reaching implications for contemporary views on individuality and relationships between the individual and larger groups of identification Established **Beethoven on Beethoven** William S. Newman, 1988 Must reading for any pianist concerned with Beethoven's music which is to say almost every pianist alive William Rothstein *Musical Times* Beethoven and the Grosse Fuge Robert S. Kahn, 2010 This book looks closely at both Beethoven and the Grosse Fuge placing both in their historical and social contexts It considers interesting questions about whether absolute music music without words can have meaning and speculates that some works of Western music can evoke synesthesia in listeners a sense of motion through three dimensional volumes of space The author also speculates that Beethoven's long creative dry spell in his late 40s was caused by an extended bout with clinical depression **Political Beethoven** Nicholas Mathew, 2013 Political Beethoven explores Beethoven's music as an active participant in political life from the Napoleonic Wars to the present day **Beethoven's Ninth Symphony** Theodore Albrecht, 2024 The Ninth Symphony of Ludwig van Beethoven with its final choral movement is one of the iconic works of Western classical music And yet the story never fully told concerns the months leading to the symphony's world premiere in Vienna on 7 May and repeat performance on 23 May 1824 In his new book Theodore Albrecht brings to life the day to day details that it took to stage that premiere It's a story of negotiating for performance halls and performers payments of hand copying legible scores and individual parts for over 120 performers of finding financiers as well as space and time for rehearsals Importantly it is also a story of the relationship between Beethoven and the musicians who performed this symphonic masterpiece In fact as the maddening rehearsal schedule towards the symphony's premiere shows

it transpires that many passages of the Ninth have been tailored to specific orchestral players Many modern day musicians will recognize familiar situations in rehearsals many scholars and students will relish unprecedented new detail All this comes to the fore by reconstructing the story drawing on the almost deaf composer s Conversation Books which Beethoven had been using since 1818 In the performance story of the Ninth Symphony s premiere Albrecht makes full use of these invaluable documents which are now being translated for the first time into English in a series of 12 volumes published by the Boydell Press Theodore Albrecht Professor Emeritus of Music at Kent State University Ohio is an award winning Beethoven scholar He has authored many important articles on the composer and is the editor of Letters to Beethoven and Other Correspondence 1996 as well as translator and editor of Beethoven s Conversation Books Boydell Press Back cover
