*Us History Teachers Guide and Resource/7195-3n27* Diane Hart, 1988      **Christianity and the Law of Migration** Silas W. Allard, Kristin Heyer, Raj Nadella, 2021-09-05 This collection brings together legal scholars and Christian theologians for an interdisciplinary conversation responding to the challenges of global migration Gathering 14 leading scholars from both law and Christian theology the book covers legal perspectives theological perspectives and key concepts in migration studies In Part 1 scholars of migration law and policy discuss the legal landscape of migration at both the domestic and international level In Part 2 Christian theologians ethicists and biblical scholars draw on the resources of the Christian tradition to think about migration In Part 3 each chapter is co authored by a scholar of law and a scholar of Christian theology who bring their respective resources and perspectives into conversation on key themes within migration studies The work provides a truly interdisciplinary introduction to the topic of migration for those who are new to the subject an opportunity for immigration lawyers and legal scholars to engage Christian theology an opportunity for pastors and Christian theologians to engage law and new insights on key frameworks for scholars who are already committed to the study of migration      History of the United States Thomas V. DiBacco, Lorna C. Mason, Christian G. Appy, 1991      **Contemporary Youth Activism** Jerusha Conner, Sonia M. Rosen, 2016-09-26 A cutting edge study showcases the emergence of contemporary youth activism in the United States its benefits to young people its role in strengthening society and its powerful social justice implications At a time when youth are too often dismissed as either empowered consumers or disempowered deviants it is vital to understand how these young people are pushing back challenging such constructions and advancing new possibilities for their institutions and themselves This book examines the latest developments in the field of contemporary youth activism CYA and documents the myriad ways in which youth activists are effecting social change even as they experience personal change By taking public political action on a range of intersecting issues youth activists are shifting their own developmental pathways shaping public policy and shaking up traditional paradigms Section one of the book offers a historical perspective on youth activism in the United States followed by a discussion of contemporary examples of CYA for social justice The second and third sections analyze the individual institutional and ideological effects of CYA arguing that youth activism works to promote change at three levels self systems and in the broader society Readers will come away with a clearer understanding of the many ways in which today s youth activists are working to reimagine and remake American democracy reawakening the promise of a multi issue progressive movement for social justice      *A More Perfect Union [kit].: A more perfect union : teachers edition* , 1991      Race, Ethnicity, Gender, and Class Joseph F. Healey, Andi Stepnick, 2023-01-12 Known for its clear and engaging writing the bestselling *Race Ethnicity Gender and Class The Sociology of Group Conflict and Change* has been thoroughly updated to be fresher more relevant and more accessible to undergraduates The text uses sociological perspectives and a consistent conceptual framework to tell the story of America s minority groups today and throughout

history By presenting information asking questions and examining controversies it demonstrates that understanding what it means to be an American has always required us to grapple with issues of diversity and difference This title is accompanied by a complete teaching and learning package Study Guide to Accompany Irwin Unger's These United States, the Questions of Our Past Ronald S. Brockway,1982

**The New Immigration** Leif Jensen,1989-03-24 Lofty sentiments notwithstanding the United States has consistently sought to exclude impoverished immigrants from entering the country on the grounds that many become dependent on social welfare institutions Leif Jensen thoroughly explores the nature of poverty and public assistance utilization among immigrants to the United States during the years 1960 to 1980 Among the questions he explores are Has there been an increase in the level of poverty and the degree of public assistance utilized by immigrants to the United States during the past twenty years How do these levels compare to those for native born Americans and across key racial and ethnic groups How do individual and family characteristics affect the propensity of families to be poor or to receive public assistance Following an introduction to the study as a whole Jensen presents theoretical issues that bear on differences in poverty and welfare use He reviews U S immigration history with particular emphasis on those aspects that are relevant to poverty and the receipt of public assistance The chapters that follow review methodological issues then present the results of Jensen s empirical analysis two chapters focus on poverty at the family level and two consider public assistance utilization These chapters build a conceptual background for a multivariate model of poverty at the family level Because the mere propensity to receive public assistance is only one aspect of the welfare burden imposed by a particular group the author also examines the absolute amount of public assistance received Finally he synthesizes the key findings of his empirical analysis drawing conclusions regarding the pervasiveness of poverty and actual public assistance receipt among new immigrants Jensen s thorough analysis and provocative conclusions make this book essential reading for those interested in sociology demography economics and political science

**Mission and Evangelism in a Secularizing World** Narry F. Santos,Mark Naylor,2019-02-14 Secularization as a movement away from a religious orientation to life is strong in Canada and has influence worldwide In this volume missiologists and practitioners across Canada consider how an agenda of

Christian mission and evangelism can be advanced in a secularizing environment How can believers be curious and engaged rather than defensive and fearful What changes are required from the evangelical community so that there is productive dialogue and action in ways that maintain faithfulness to the cause of Christ What should the approach of mission be to a new generation steeped in secular narratives How do we answer negative caricatures of Christian mission in light of the history of Residential Schools What examples from the past teach us about developing an irenic approach What positive trends are currently evident in Canada and around the world that counter the secularizing narrative These questions and more are considered in this volume by Canadian scholars who recognize the importance of being relevant to society while maintaining integrity with the Gospel message The essays address secularism in Canadian and worldwide contexts with seriousness insight and an underlying theme of hope recognizing that God s mission has been accomplished is being accomplished and will be accomplished
