down to wait for the markets to open he is greeted by the firm's most successful broker Mark Hanna. Mark is already impressed with Jordan who had started to pitch stock advice already at his job interview. Mark advises Jordan to take plenty of breaks during the day and to take cocaine to help him dial faster. At 9:30am the markets open and Jordan begins his first day on Wall Street. The noise in the room is deafening as stocks are sold over the phone to some of the wealthiest people in the USA. Jordan is exhausted by the time he is allowed to take a lunch break. Mark Hanna has noticed the high number of calls Jordan had passed to him during the morning. As a sign of gratitude he invites the connector to join him for lunch in the penthouse restaurant. Mark doesn't eat anything. He just drinks hard liquor and snorts cocaine. He offers both to Jordan. When the new recruit politely declines, Mark assures him that eventually Jordan will be using these vices to get through the day. In a few years he will have been correct. Jordan will be making even more than Mark did now and employing many of the brokers that worked for LF Rothschild. This book is a reconstruction of a wild ride that occurred in Wall Street history. It is told through the internal voice which Jordan often speaks of in the book. The voice is often how he justified many of the manipulative and self-serving behaviors in which he engages. Jordan grew up in middle class Queens, New York. He wants the reader to know that he was not brought up to behave the way he did during the 80s and 90s. Today he is a loving father committed to his children. He hopes that his serves as a cautionary tale to anyone who considers misusing their talents for greedy and evil purposes.

The key to know if a relationship is headed in the right direction which has a future for both parties is to ask questions about a man's plans. If a man says he just takes it one day at a time and sees how it goes, it is wiser to leave the relationship because it will only bring disappointment. Men who are courting women will complement her in ways she will want to hear like "You are a smart, kind, hearted, beautiful, and independent lady." Men say this sometimes falsely so they can get the cookie. The trick is to ask specifics like "What makes me kind" and if he can give a concrete example and situation, it means

he is really paying attention to you and even considers taking you seriously Editor s Notes A man will consider a woman a keeper if she is interested in helping him out with his long term plans A man will also gauge a woman if she is a keeper or merely a sports fish by the way she asks questions If her questions are substantial and relate to the future rather than superficial the man will think more of the woman as a keeper The 5 questions to ask 1 How he feels about family 2 His relationship with his mother 3 His relationship with his father 4 If he has a relationship with God and 5 What will make him consider being loyal to you
