Apa Format Journal Citations:

You Can Publish Your Journal Article Gilbert C. Gee,2023-12-13 You've completed your research and want to publish it in a peer-reviewed journal. Author Gilbert C. Gee is here to help sharing what he learned as a writer, reviewer, and Editor in Chief and calling on other journal editors to offer their advice. You Can Publish Your Journal Article will not only help you write your paper but more importantly be more likely to succeed in peer review. The book has four main premises: that writing involves a relationship between you and your readers and that your research joins an ongoing conversation in the field; that good writing is rewriting and revision is critical; that people who write daily are more productive than those who binge write; and finally that persistence wins, so don't give up when you get a rejection. With chapters offering practical advice on selecting the right journal, peer review, the methods section, displaying your data, writing the results and discussion sections, the book concludes with short essays from invited journal editors about how to avoid common mistakes and ensure success.

The Scholars' Publication Sourcebook Seth Agbo,2024-12-31 This book is a comprehensive guide for instructors and graduate students on preparing scholarly manuscripts for peer-reviewed journals, theses, or dissertations in the humanities and social sciences. Providing a toolbox of approaches to understand the structures around manuscript preparation, it offers an in-depth understanding of the different types of manuscripts and the nuanced approaches required. It illuminates each stage of the process from the initial identification of a topic to the publication of the final article. It draws on the expertise of various contributors, including journal editors, editorial board members, peer reviewers, and research methods instructors. The book is a practical guide for all instructors and students seeking insight into the publishing process in high-impact journals. It draws from case studies across various fields such as sociology, psychology, political science, business studies, policy research, and public health. The book will be of particular relevance to early-career scholars, graduate students, and instructors working with students preparing theses, dissertations, or journal articles. It serves as a valuable resource for understanding and navigating the complex world of academic publishing.

Understanding Nursing Research E-Book Susan K. Grove, Jennifer R. Gray,2022-05-27 NEW Updated content throughout the book focuses on the most relevant need to know information to help you understand the research and evidence-based practice (EBP) processes. NEW Research Evidence Based Practice Tips provide expert advice to help you critically appraise published studies for application to clinical practice.

Concise Guide to Information Literacy Scott Lanning,2017-03-27 This concise but information-packed text helps high school students in upper grade levels and lower division college and university students quickly master the basics of information literacy. A student's textbook and an instructional reference for educators, the second edition of Concise Guide to Information Literacy is both. It teaches students what information literacy is and why it is an important skill to develop for their schoolwork as well as for success in life outside of school. The guide covers major areas in the information literacy process, including locating, evaluating, and applying information successfully. It also gives professors, teachers, and librarians a flexible text that can serve

as the basis of a course in information literacy or research skills a basic research guide for any information literacy course or a supplemental text This second edition has been reorganized for greater ease of use based on the information literacy models consulted All chapters have been fully updated and now include extended coverage of the topics that appeared in the first edition additionally a new chapter on managing information has been added

Success as a Psychology Major David E. Copeland, Jeremy Ashton Houska, 2020-02-07 Success as a Psychology Major First Edition by David E Copeland and Jeremy A Houska is an essential resource for any student interested in pursuing an undergraduate degree in psychology Built from the ground up with input from hundreds of psychology students this First Edition answers every question a trepidatious undergraduate may have Success as a Psychology Major opens with practical tools on how to be a successful student walks readers through the psychology curriculum highlights key skills to develop and presents the various academic and career paths to take after graduation Unique chapters on joining a research lab professional organizations and clubs documenting students accomplishments and practical tools for managing time and money provide students with resources they will use throughout their academic career Presented in a modular format with a student friendly narrative this text is a step by step road map to a fulfilling and meaningful experience as a student of psychology

Technical Communication for Readers and Writers Brenda R. Sims, 2002-09-24 Sims Technical Communication for Readers and Writers Second Edition guides students in planning writing and designing effective documents to meet the needs of users and readers Thoroughly revised expanded and redesigned in full color this edition gives students the tools they need to create appropriate technical documents for a multitude of writing situations and audiences The text takes a process approach rather than the model based approach of older tech writing texts

A Sequence for Academic Writing Laurence Behrens, Leonard J. Rosen, Bonnie Beedles, 2004 This brief rhetoric focuses on the key academic writing strategies of summary synthesis analysis and critique Responding to the growing interest in academic writing this popular guide focuses on the critical reading and writing strategies necessary to help students interpret and incorporate source material into their own papers The text employs high interest readings from a range of disciplines to allow students to practice their summary and synthesis skills while numerous student papers model the kinds of academic texts students are expected to produce no matter what their area of study Individuals who want help with writing up researched or documented papers
