

How Does Galileo GDS API Integration Work?

The Galileo GDS travel software interconnects travel agents with the airline, hotel, car rental, rail, and other service providers via a single platform. The software is linked to the database of these agencies and allows access to the agents to let them access information about the seat, rates, availability, and discounts.

Trawex provides integration of various [GDS systems](#) in a single [web application](#). Galileo GDS allows leading travel agencies to run their business efficiently and effectively. From global network airlines to low-cost carriers, from major travel agencies to independent hotels. We have the best Galileo GDS API integration in the travel technology sector.

[Galileo GDS System](#) streamlines and improves the value of travel business processes for both travel providers and users, offering them a decisive competitive advantage. Galileo GDS API integration is one of the most demanding [global distribution systems](#) in the world. Galileo's GDS system processes the highest number of transactions on a day-to-day basis.
