Computer Forensics Study Guide:

EnCase Computer Forensics Steve Bunting, 2008-02-26 EnCE certification tells the world that you've not only mastered the use of EnCase Forensic Software but also that you have acquired the in-depth forensics knowledge and techniques you need to conduct complex computer examinations. This official study guide, written by a law enforcement professional who is an expert in EnCE and computer forensics, provides the complete instruction, advanced testing software, and solid techniques you need to prepare for the exam. Note, CD, ROM, DVD, and other supplementary materials are not included as part of eBook file.

The Official CHFI Study Guide (Exam 312-49) Dave Kleiman, 2011-08-31 This is the official CHFI Computer Hacking Forensics Investigator study guide for professionals studying for the forensics exams and for professionals needing the skills to identify an intruder's footprints and properly gather the necessary evidence to prosecute. The EC Council offers certification for ethical hacking and computer forensics. Their ethical hacker exam has become very popular as an industry gauge, and we expect the forensics exam to follow suit. Material is presented in a logical learning sequence: a section builds upon previous sections and a chapter on previous chapters. All concepts, simple and complex, are defined and explained when they appear for the first time. This book includes Exam objectives covered in a chapter, clearly explained in the beginning of the chapter. Notes and Alerts highlight crucial points. Exam's Eye View emphasizes the important points from the exam's perspective. Key Terms present definitions of key terms used in the chapter. Review Questions contains the questions modeled after real exam questions based on the material covered in the chapter. Answers to the questions are presented with explanations. Also included is a full practice exam modeled after the real exam. The only study guide for CHFI provides 100% coverage of all exam objectives. CHFI Training runs hundreds of dollars for self-tests to thousands of dollars for classroom training.
