Medievalism in A Song of Ice and Fire and Game of Thrones Shiloh Carroll, 2018 Game of Thrones is famously inspired by the Middle Ages but how authentic is the world it presents This volume offers different angles to the question One of the biggest attractions of George R R Martin s high fantasy series A Song of Ice and Fire and by extension its HBO television adaptation Game of Thrones is its claim to historical realism The author the directors and producers of the adaptation and indeed the fans of the books and show all lay claim to Westeros its setting as representative of an authentic medieval world But how true are these claims Is it possible to faithfully represent a time so far removed from our own in time and culture And what does an authentic medieval fantasy world look like This book explores Martin s and HBO s approaches to and beliefs about the Middle Ages and how those beliefs fall into traditional medievalist and fantastic literary patterns Examining both books and programme from a range of critical approaches medievalism theory gender theory queer theory postcolonial theory and race theory Dr Carroll analyzes how the drive for historical realism affects the books and show s treatment of men women people of colour sexuality and imperialism as well as how the author and showrunners discuss these effects outside the texts themselves SHILOH CARROLL teaches in the writing center at Tennessee State University

Women in Game of Thrones Valerie Estelle Frankel, 2014-04-28 Game of Thrones one of the hottest series on television leaves hundreds of critics divided on how feminist the show really is Certainly the female characters strong and weak embody a variety of archetypes widow queens warrior women damsels in distress career women priestesses crones mothers and maidens However the problem is that most of them play a single role without nuance even the strong women have little to do besides strut about as one note characters This book analyzes the women and their portrayals one by one along with their historical inspirations Accompanying issues in television studies also appear from the male gaze to depiction of race How these characters are treated in the series and how they treat themselves becomes central as many strip for the pleasure of men or are sacrificed as pawns Some nude scenes or moments of male violence are fetishized and filmed to tantalize while others show the women s trauma and attempt to identify with the scene s female perspective The key is whether the characters break out of their traditional roles and become multidimensional [From Page to Screen / Vom Buch zum Film](#) Manuel Almagro-Jiménez, Eva Parra-Membrives, 2020-10-05 For a long time now women have struggled for the vindication of their rights and for their visibility This struggle may seem a story of success maybe not complete or equal for all women but at least one which slowly but surely carries with it the promise of equality for all women However a closer look reveals that in various fields of culture the representation of women frequently undergoes a manipulation which makes the image of women lose the intention initially attempted This is often the case with adaptations of literary texts to the screen when the initial literary message is changed because of for example marketing demands or some ideological stance Rarely do we find the opposite case where the indifferent or emasculated original female characters are turned into guardians and or

apologists of feminine power The present volume focuses precisely on the way in which the image of women is modified in films and TV series when compared with the original literary texts Twenty-First-Century Popular Fiction Stephen Matterson, Bernice M. Entscheidungsfreiheit im Computerspiel. Traumatisierende Entscheidungssituationen in "Game of Thrones. A Telltale Game Series" Maximilian Pössinger, 2021-04-21 Studienarbeit aus dem Jahr 2017 im Fachbereich Informatik Games Engineering Note 1 0 Ludwig Maximilians Universität München Institut für Deutsche Philologie Veranstaltung Computerspiel Philologie Sprache Deutsch Abstract Diese Arbeit beschäftigt sich mit der Entscheidungsfreiheit in Computerspielen am Beispiel des Spiels Game of Thrones GOT von Telltale Games Es wird untersucht ob im Fall von GOT von einer vorgetuschten beziehungsweise fingierten Entscheidungsfreiheit gesprochen werden kann Die Frage mit welchen Methoden dem Spieler eine Entscheidungsfreiheit suggeriert wird soll dabei im Fokus stehen Auch mögliche Gründe der Entwickler dem Spieler keine uneingeschränkte Gestaltungsmacht bei der Handlung zu gewähren werden analysiert Der zweite Teil der Arbeit beschäftigt sich mit der Frage inwieweit die Entscheidungssituationen in GOT so konstruiert sind dass sie auf den Spieler letztlich vor allem frustrierend oder gar traumatisierend wirken beziehungsweise wirken sollen Nicht zu vergessen ist nämlich dass das Spiel die Adaption einer Buch und TV Serie ist und als solche versucht dem Erzählstil der Vorlage zu entsprechen Das Computerspiel als Medium hat im Verhältnis zum klassischen Roman oder Film den Vorteil dass der Rezipient hier kein rein passiver Konsument ist Indem er mit der Handlungswelt und ihren Figuren aktiv interagiert kann der Spieler selbst ein Teil des Geschehens werden und tief in die fiktive Welt eintauchen Das Interagieren macht die Faszination des Mediums aus und es ist die Eigenschaft die es am stärksten von anderen Medien abhebt Oftmals ist der Spielende sogar in der Lage durch eigene Entscheidungen Einfluss auf die Narration auszuüben Besonders stark entfaltet sich die spielerische Gestaltungsmacht in solchen Computerspielen in denen die Entscheidungssituation als zentrales Element in den Fokus gerückt wird Dies trifft zum Beispiel auf viele Spiele des Entwicklerstudios Telltale Games zu die Teil einer Entwicklung von Computerspielen sind die als Decision Turn bezeichnet werden kann Diese Entwicklung meint unter anderem eine fortschreitende Tendenz vieler Computerspiele Entscheidungen mehr und mehr in den Vordergrund zu rücken und in ihrer Komplexität und Reichweite aufzuwerten

sinister and supernatural forces are massing beyond the kingdom's protective Wall.
