Small Business 41 896 Blockchain Development Explained For Startups:

Blockchain for Business S. S. Tyagi, Shaveta Bhatia, 2021-01-14 The book focuses on the power of business blockchain. It gives an overview of blockchain in traditional business, marketing, accounting, and business intelligence. The book provides a detailed working knowledge of blockchain, user cases of blockchain in business, cryptocurrency, and Initial Coin Offering (ICO) along with the risks associated with them. The book also covers the detailed study of decentralization, mining, consensus, smart contracts, concepts, and working of distributed ledgers and hyper ledgers, as well as many other important concepts. It also details the security and privacy aspects of blockchain. The book is beneficial for readers who are preparing for their business careers, those who are working with small scale businesses and startups, and helpful for business executives, managers, entrepreneurs, bankers, government officials, and legal professionals who are looking to blockchain for secure financial transactions. The book will also be beneficial for researchers and students who want to study the latest developments of blockchain.

Blockchain for Business Yannis Kalfoglou, 2021-07-19 This book sets out to explain blockchain for the non-technical expert to decipher the dense technicalities that dominate the field and to present the opportunities for busy professionals using practical applications and case studies. Presented in a clear and structured way and with documented real world cases, the book is a practical reference guide that can be used across different industries. It offers both a constructive and critical review of the pain points blockchain is facing today, illustrates the pitfalls, as well as the opportunities for business and describes the steps towards overcoming them. It also aims to provide a unique view of both the intersection and synergy of blockchain with other emerging technologies and the wider digital ecosystem as we see increasingly that blockchain alone won't be able to deliver business solutions. Most important, the book identifies trends and a path for the future of blockchain and its impact on society as a whole. The book is written for business audiences across all sectors. It is not a technical guide to blockchain but it enables businesspeople to be better informed and prepared to plan ahead and develop strategies using blockchain.
