Pep Guardiola Another Way Of Winning:

Pep Guardiola Guillem Balagué,2012 An entertaining perceptive biography of the hugely successful manager of FC Barcelona As a footballer Josep Pep Guardiola was a much acclaimed defensive midfielder who spent the majority of his playing career with FC Barcelona He was part of the great Johan Cruyff s dream team that won the club s first European Cup After retiring as a player Guardiola became a coach at Barcelona succeeding Frank Rijkaard as first team manager in 2008 In his first season he led the team to the treble of La Liga the Copa del Rey and the Champions League and became the youngest ever winning manager of that tournament The following season the club won six trophies in six competitions playing some of the most fabulous football ever witnessed The team comprises global stars like Lionel Messi Xavi and Iniesta and continues to compete at a level its rivals cannot match This book tells how Pep Guardiola did it playing the Beautiful Game and winning *The Winning Mindset* Damian Hughes,2016-07-14 In *The Winning Mindset* Professor Damian Hughes the acclaimed author of *Liquid Thinking* and *How to Think Like Sir Alex Ferguson* draws on both his lifetime experience and academic background within sport organization and change psychology to reveal the best ways to create a winning mindset in both personal and professional life Having worked with some of the top teams in the UK and watched some of the best coaches in the country at work Hughes distils the five keys principles that separate the best coaches and teams from the rest Simplicity Tripwires Emotions Practical Stories STEPS The role of a sports team leader is fascinating complex and tough Fantasy football leagues may convince us that success is all about buying players and selecting a team In reality it is about creating winning environments recruiting developing and nurturing talent effectively communicating a shared vision with a diverse collection of individuals delivering on enormous expectations from a range of stakeholders overcoming significant challenges handling pressure and staying focused throughout a set of challenges familiar to leaders in all sectors

Football's Fifty Most Important Moments Ben Jones,Gareth Thomas,2020-04-20 Football is more than just a game Over the past 150 years it has become a source of identity conflict and debate for all who follow and play it Starting in Victorian England Football s Fifty Most Important Moments journeys through 160 years of incredible events to the modern day where new and innovative ideas are reshaping the game Winners Alastair Campbell,2015-10-15 How do sportsmen excel entrepreneurs thrive or individuals achieve the ambitions Is their ability to win innate Or is the winning mindset something we can all develop In the tradition of *The Talent Code* and *The Power of Habit* Campbell draws on the wisdom of an astonishing array of talented people from elite athletes to media mavens from rulers of countries to rulers of global business empires Alastair Campbell has conducted in depth interviews and uses his own experience in politics and sport to get to the heart of success He examines how winners tick He considers how they build great teams He analyzes how these people deal with unexpected setbacks and new challenges He judges what the very different worlds of politics business and sport can learn from one another And he sets out a blueprint for winning that we can all follow to achieve our goals Self-Defense in

Mexico Luis Hernández Navarro,2020-03-02 In Mexico and across other parts of Latin America local Indigenous peoples have built community policing groups as a means of protection where the state has limited control over and even complicity in crime and violence Luis Hernández Navarro a leading Mexican journalist offers a riveting investigation of these armed self defense groups that sprang up around the time of the 1994 Zapatista uprising in Chiapas Available in English for the first time the book spotlights the intense precarity of everyday life in parts of Mexico Hernández Navarro shows how the self defense response which now includes wealthier rancher and farmer groups is being transformed by Mexico's expanding role in the multibillion dollar global drug trade by foreign corporations extraction of raw minerals in traditionally Indigenous lands and by the resulting social changes in local communities But as Hernández Navarro acknowledges self defense is highly controversial Community policing may provide citizens with increased agency but for government officials it can be a dangerous threat to the status quo Leftists and liberals are wary of how the groups may be linked to paramilitary forces and vulnerable to manipulation by drug traffickers and the government alike This book answers the urgent call to understand the dangerous complexities of government failures and popular solutions Leader Katy Granville-Chapman,Emmie

Bidston,2020-06-30 What exactly is it that good leaders do to enable their teams to succeed How do they think What do findings from neuroscience teach us about effective leadership Leader explores and answers these crucial questions In this wide ranging book Katy and Emmie eloquently combine up to date research in psychology and neuroscience with inspiring examples of success to show that leadership can be learned and that it is all about looking after your people They take you on a journey to meet a diverse selection of great leaders from multiple spheres from the sports field to the corporate world and talk you through the process by which effective leaders have become great leaders The secret lies in mastering three key principles know your people love your people inspire your people These three principles form the core of the book which also provides a range of practical activities designed to help you reflect on your own and your team's progress and performance The authors contend that leadership which focuses on the flourishing of people is not only intrinsically valuable but is also the most important factor in achieving success in any domain To provide proof the book features inspiring examples of leaders who have made a significant impact in their organisation alongside insightful analysis of how and why effective leaders outperform others not just in terms of results but even more importantly through the contributions they make to people's lives Practical evidence based and optimistic this book is suitable for both aspiring and established leaders All royalties from sales of this book will be donated to The Prince's Trust Find more helpful information at www.leaderknowloveinspire.com

The assistant manager of football Denis Silva Puig,2020-04-15 The assistant manager has existed for decades and is a standard figure within the coaching staff with specific roles functions and responsibilities However I find it strange that nobody has yet described this profession formally I used to only be a team manager until one day I was proposed to be the assistant manager of U18 team of FC Barcelona That is when I started thinking about writing this book moved by my desire to continue learning If I wanted to train in my new role I could only do it by asking others and observing training sessions But I was missing one of the pillars that has forever supported my training studying and reading With this book I hope to cover that lack of information The book is divided into two parts the first is based on describing the assistant manager in professional football and I have not found a more practical way to do it than through interviews with assistant managers Each interviewee has contributed his experiences from working with the most recognized football team managers I am talking about people who have worked with Vicente del Bosque Ernesto Valverde Luis Enrique Pep Guardiola Mauricio Pochettino Sergio Gonz lez Quique S nchez Flores and Paulo Sousa The second part of the book is related to Youth football which I have experienced in clubs like Atl tico de Madrid and FC Barcelona I propose the role of the assistant manager working in Youth football to be more formative and educational than what is currently given and I want to direct their effort towards two dimensions the team s sporting performance which the vast majority do and the individualized analysis of the young player which very few do This second dimension is described in the last chapter to demonstrate a new vision of assistants in Youth football who in my view have to dedicate their time to improving the players as an athlete and as a person in a more personalized and integral way
