*The Tell* Matthew Hertenstein, 2013-11-12 Every day we make predictions based on limited information in business and at home Will this company's stock performance continue Will the job candidate I just interviewed be a good employee What kind of adult will my child grow up to be We tend to dismiss our predictive minds as prone to bias and mistakes but in *The Tell* psychologist Matthew Hertenstein reveals that our intuition is surprisingly good at using small clues to make big predictions and shows how we can make better decisions by homing in on the right details Just as expert poker players use their opponents' tells to see through their bluffs Hertenstein shows that we can likewise train ourselves to read physical cues to significantly increase our predictive acumen By looking for certain clues we can accurately call everything from election results to the likelihood of marital success IQ scores to sexual orientation even from flimsy evidence such as an old yearbook photo or a silent one minute video Moreover by understanding how people read our body language we can adjust our own behavior so as to ace our next job interview or tip the dating scales in our favor Drawing on rigorous research in psychology and brain science Hertenstein shows us how to hone our powers of observation to increase our predictive capacities A charming testament to the power of the human mind *The Tell* will to paraphrase Sherlock Holmes show us how to notice what we see

*Wielding Words like Weapons* Ward Churchill, 2017-04-15 *Wielding Words like Weapons* is a collection of acclaimed American Indian Movement activist intellectual Ward Churchill's essays in indigenism selected from material written during the decade 1995-2005 It includes a range of formats from sharply framed book reviews and equally pointed polemics and op

eds to more formal essays designed to reach both scholarly and popular audiences The selection also represents the broad range of topics addressed in Churchill s scholarship including the fallacies of archeological and anthropological orthodoxy such as the insistence of cannibologists that American Indians were traditionally man eaters Hollywood s cinematic degradations of native people questions of American Indian identity the historical and ongoing genocide of North America s native peoples and the systematic distortion of the political and legal history of U S Indian relations Less typical of Churchill s oeuvre are the essays commemorating Cherokee anthropologist Robert K Thomas and Yankton Sioux legal scholar and theologian Vine Deloria Jr More unusual still is his profoundly personal effort to come to grips with the life and death of his late wife Leah Renae Kelly thereby illuminating in very human terms the grim and lasting effects of Canada s residential schools upon the country s indigenous peoples A foreword by Seneca historian Barbara Alice Mann describes the sustained efforts by police and intelligence agencies as well as university administrators and other academic adversaries to discredit or otherwise neutralize both the man and his work Also included are both the initial stream of consciousness version of Churchill s famous or notorious little Eichmanns opinion piece analyzing the causes of the attacks on 9 11 as well as the counterpart essay in which his argument was fully developed
