Building on the success of the first six ICADL conferences, the 7th ICADL conference, hosted by the Shanghai Jiao Tong University and the Shanghai Library in Shanghai, China, aimed to further strengthen the academic collaboration and strategic alliance in the Asia Pacific Region in the development of digital libraries. The theme of ICADL 2004 was Digital Library International Collaboration and Cross-fertilization, with its focus on technology, services, management, and localization. The conference began with an opening ceremony, and the conference program featured 9 keynote speeches and 5 invited speeches by local and international experts. During the 3-day program, 40 research paper presentations were given in 3 parallel sessions. The conference also included 6 tutorials and an exhibition. The conference received 359 submissions, comprising 248 full papers and 111 short papers. Each paper was carefully reviewed by the Program Committee members. Finally, 44 full papers, 15 short papers, and 37 poster papers were selected. On behalf of the Organizing and Program Committees of ICADL 2004, we would like to express our appreciation to all authors and attendees for participating in the conference. We also thank the sponsors, Program Committee members, supporting organizations, and helpers for making the conference a success.
