Cybersecurity for entrepreneurs Gloria D'Anna, Zachary A. Collier, 2023-05-30 One data breach can close a small business before it even gets going With all that is involved in starting a new business cybersecurity can easily be overlooked but no one can afford to put it on the back burner Cybersecurity for Entrepreneurs is the perfect book for anyone considering a new business venture Written by cybersecurity experts from industry and academia this book serves as an all inclusive reference to build a baseline of cybersecurity knowledge for every small business Authors Gloria D Anna and Zachary A Collier bring a fresh approach to cybersecurity using a conversational tone and a friendly character Peter the Salesman who stumbles into all the situations that this book teaches readers to avoid Cybersecurity for Entrepreneurs includes securing communications protecting financial transactions safeguarding IoT devices understanding cyber laws managing risks and assessing how much to invest in cyber security based on specific business needs ISBN 9781468605723 ISBN 9781468605730 ISBN 9781468605747 DOI 10 4271 9781468605730 *Cybersecurity Simplified for Small Business* Timothy Lord, 2024-02-07 Embark on a Journey to Fortify Your Business in the Digital Age Attention small business owners The digital landscape is fraught with dangers and the threat grows more sophisticated every day Your hard work your dreams they re all on the line Imagine being equipped with a guide so clear and concise that cybersecurity no longer feels like an enigma Cybersecurity Simplified for Small Business A Plain English Guide is that critical weapon in your arsenal Small businesses are uniquely vulnerable to cyber attacks This indispensable guide unfolds the complex world of cybersecurity into plain English allowing you to finally take control of your digital defenses With an understanding of what s at stake Cybersecurity Simplified for Small Business transforms the anxiety of potential breaches into confident action Interest is captured with a compelling opening that unveils why cybersecurity is paramount for small businesses As you absorb the fundamentals you will encounter relatable examples that lay the groundwork for recognizing the value of your own digital assets and the importance of guarding them From foundational terminology to the raw reality of the modern cyber threat landscape your strategic guide is at your fingertips Drive builds as this book becomes an irreplaceable toolkit Learn to train your team in the art of digital vigilance create complex passwords and ward off the cunning of phishing attempts Learn about the resilience of firewalls the protection provided by antivirus software and encryption and the security provided by backups and procedures for disaster recovery Action culminates in straightforward steps to respond to cyber incidents with clarity and speed This isn t just a guide it s a blueprint for an ongoing strategy that changes the game With appendixes of checklists resources tools and an incident response template this book isn t just about surviving it s about thriving securely in your digital endeavors Buckle up for a journey that transitions fear into finesse Empower your business with resilience that stands tall against the threats of tomorrow a cybersecurity strategy that ensures success and secures your legacy The key to a future unchained by cyber fear starts with the wisdom in these pages Heed the call and become a beacon of cybersecurity mastery Start-up

Secure Chris Castaldo, 2021 Cybersecurity is of huge concern from start ups to established businesses This title provides steps that start ups can follow to protect their business from a cyberattack The book will cover everything an entrepreneur and venture capitalist should know when building a secure company in today s world It will take them through landing their first A round of funding and then a successful exit The book describes how to include security and privacy from the start and build a cyber resilient company It will provide basic cybersecurity concepts what steps to take at each stage of the startup s life how baking in security drives the value proposition for the startup s target market and how to scale cybersecurity within their organization without being an expert *Cybersecurity Now* George McCracken, Amir Sachs, Fred Hughes, 2021-03-02 The Importance of Cybersecurity Now As we look back on 2020 there are many things we have learned and one thing holds true for every business owner preparing for the unknown is crucial to business longevity Last year brought a level of uncertainty to the business community that threatened business owners worldwide Almost overnight entrepreneurs around the world had to change their business model and the way they had been operating for years With this change came new threats to businesses Cybersecurity is not a commodity instead cybersecurity is essential for every business owner and this must be conveyed to the business community We must educate the business community about the importance of cybersecurity and the dire need for securing the information within their business *Cybersecurity Now* is co written by a group of 11 high level IT it is simply a matter of time Learn what to do NOW so you can protect your business Brought together by Chris Wiser of 7 Figure MSP the co authors are Contents George McCracken Amir Sachs Fred Hughes Christopher Bartosz Izak Oosthuizen Ron Trotto James Grabatin Jerry Swartz Whit Taylor Joseph A Vitti and Tim Smoot

Secure Enough? Bryce Austin, 2017-10 There have been distinct turning point moments in human history such as when germ theory explained how to control many diseases or how cholesterol levels helped to predict heart disease The list goes on All of these moments have one thing in common the risk of radiation germs and cholesterol cannot be seen or felt They are difficult to understand from a visceral standpoint Businesses today are at a new turning point Cybersecurity issues are making headlines around the world impacting company reputations for years such as Sony changing the value and direction of businesses Yahoo and possibly influencing elections around the world This book covers none of those things This book is about you You are an owner or executive in a business that is likely not on the Fortune 100 list Others in your industry have been hit by cybersecurity issues You know that there is something to be concerned about but you don t know exactly what to focus on This book will educate you on how to close that gap
