Redefining Learning in the Digital Age: Pedagogical Strategies and Outcomes Yudhi Arifani, Wahiza Wahi, Raja Nor Safinas Raja Harun, Susanro Susanto, Sri Suryanti, 2026-03-26

In the current epoch of digital proliferation, the educational sector experiences unprecedented changes driven by evolving digital technologies, emergent pedagogical theories, and shifting societal demands. The intricacies of educational paradigms are increasingly challenging, compelling educators to adopt more innovative and complex instructional practices. With ongoing debates about the efficacy and implementation of new pedagogical models, there remains a significant gap in comprehensive understanding and empirical evidence of these transformative processes within the educational system. This Research Topic intends to shed light on the multifaceted aspects of pedagogical transformation in the digital era, offering insights into effective planning, implementation, and outcomes. It seeks to underscore the contemporary trends in educational pedagogy while addressing the challenges of new instructional practices and the pivotal role of technology in pedagogical support. Furthermore, it endeavors to project future directions in pedagogical methods and their impacts on educational development. The focus of this Research Topic spans aims to cover a spectrum of educational dynamics, emphasizing the interplay between technology and pedagogy. To gather further insights, we welcome articles addressing, but not limited to, the following themes: Innovative teaching methodologies and practices; The impact of digital technologies on pedagogy; Personalized and student-centered learning approaches; Pedagogical strategies for inclusive education; Assessment and evaluation in transformed educational contexts; Professional development for educators in emerging pedagogical settings; Case studies of successful pedagogical transformations; The role of leadership and policy in facilitating pedagogical change. By exploring these areas, the Research Topic aspires to provide a rich, diverse platform for educators, researchers, and policymakers to share and enhance their knowledge of effective pedagogical transformations.
