

Chapter 7 Assignment (20 points)

Process: First read the chapters, take your reading quiz, watch the videos, then complete this assignment.

How to use this word document: Please type your response in the specified location for each question. Use appropriate punctuation, grammar, and spelling. Save to your computer or work in google drive (recommended, auto back up). Upload and submit as a word document to Canvas by the due date/time. Please do not use pages (MAC users).

Don't forget to make a post and reply to a post on the discussion board by the due date/time.

Grading: Your work will be graded first by your TA. For each question, you either got it all (full credit), got most but not all (half credit) or got it mostly wrong/left blank (no credit). Your TA will provide general feedback on Canvas. The graduate assistant and I will then grade 30% of all student work in order to check for reliability across graders. Disputes will be resolved through discussion among graders. Once grades are released, you have two business days to email your TA and me with any concerns related to your grade. We are always happy to re-evaluate if you feel you were graded unfairly, and will explain our rationale for the grade you receive. Sometimes we will change our minds about the grade, other times we will maintain the grade. Please recognize that we do our very best, and we work very hard to grade all students fairly. We trust that you will treat us with respect when inquiring about grades.

(20 pts) Chapter 7 Videos: Use the videos to answer the questions. Read the associated chapters first.

1. (2 pts) Using the video of Rayna's language sample, explain each term below
 - a. Overregularization: This is when children translate past tense by using normal speech, for example drank instead of drunk. Rayna showed overregularization when she said, "I just spit on you" instead of saying something like "I just spat on you".
 - b. Social and private speech: Social speech is the type of speech used to converse with others. Private speech is considered talking to yourself or whispering to yourself. Rayna used social speech to communicate to their mom that she spat on her. Private speech was used when Rayna tried to talk to herself after explaining what the word ridiculous means and stated quietly to herself "super funny".
 - c. Metalinguistic awareness: This is when one understands how they use language. Usually, this understanding of one's own language develops around age 5 or 6. Rayna displayed this when she got out of her head and tried to explain what ridiculous meant. She was trying to process and understand what she was saying.

2. (2 pts) Thoughts shape language, and language shapes thought. Explain the one example from the Ted Talk (Boroditsky) video you thought was most interesting about how language shapes thought. How many languages, approximately, do we know exist in the world today?
 - a. Example 1: I found it very interesting that depending on the way you were raised your mind can think differently. I had always thought that people who speak different languages were all thinking of the same things just as the word we each not the items by. I had never considered that someone who wasn't raised to read from left to right

Programs, 1962 UNIDROIT Principles of International Commercial Contracts. An Article-by-Article Commentary Eckart Brödermann, 2023-05-12 The Unidroit Principles of International Commercial Contracts provide an excellent and practice proven tool for cross border contracts They constitute a neutral and pragmatic business oriented contractual regime for cross border contracts They contain multiple solutions to typical contractual questions regarding the life of a contract often by way of a compromise between civil and common law They have been referenced in hundreds of decisions of arbitral tribunals or national state courts They have been endorsed inter alia by the United Nations Commission on International Trade Law last in 2021 and the Union Internationale des Avocats 2020 bringing together through its bar association and individual members approximately two million lawyers in more than 110 countries Thirty years after their first publication it is arguably malpractice to ignore them In this fully revised and enlarged 2nd edition the commentary continues to analyse the Unidroit Principles article by article from a practical perspective while always discussing alternative courses of action where they apply The commentary includes proposals for choice of the Unidroit Principles clauses and practical guidance for their use as template or to supplement the CISG or national law In addition to arbitral and state court decisions and recent literature the 2nd edition includes an in depth analysis of extensive legislative material The author is a German practitioner with international training and familiarity with both common and civil law He has been admitted to the New York Bar and also teaches at the University of Hamburg as a Professor of Law The author is using the Unidroit Principles for more than 20 years in his commercial and arbitration practice in recent years on a daily basis in multiple industries As he shares his experience under the Unidroit Principles the commentary can also be used as a practical guide and checklist of issues to consider in international contracting Die Unidroit Principles of International Commercial Contracts sind das ideale Instrument für grenzüberschreitende Verträge sie bilden ein neutrales pragmatisches und wirtschaftsorientiertes Regime für grenzüberschreitende Verträge sie enthalten zahlreiche praxisnahe Lösungen für typische Vertragsfragen und versehen dabei Civil Law und Common Law Unidroit Principles werden in zahlreichen Entscheidungen von Schiedsgerichten oder nationalen Gerichten zitiert und befürwortet von der Kommission der Vereinten Nationen für internationales Handelsrecht zuletzt 2021 und der Union Internationale des Avocats 2020 die über ihre Anwaltskammern und Einzelmitglieder rund zwei Millionen Anwältinnen in mehr als 110 Ländern vereinen Nach drei Jahrzehnten Anwendung in der Praxis kann es sich empfehlen die Unidroit Principles zu ignorieren Die vollständig bearbeiteten und erweiterte 2. Janet Hibbs,Anthony Rostain,2019-04-23 From two leading child and adolescent mental health experts comes a guide for the parents of every college and college bound student who want to know what's normal mental health and behavior what's not and how to intervene before it's too late The title says it all Chock full of practical tools resources and the wisdom that comes with years of experience The Stressed Years of their Lives is destined to become a well thumbed handbook to help families cope with this modern age of anxiety Brigid Schulte Pulitzer Prize winning journalist author of Overwhelmed and director of the Better Life Lab at New America All parenting is in preparation for letting go However the paradox of parenting is that the more we learn about late adolescent development and risk the more frightened we become for our children and the more we want to stay involved in their lives This becomes particularly necessary and also particularly challenging in mid to late adolescence the years just before and after students head off to college These years coincide with the emergence of many mood disorders and other mental health issues When family psychologist Dr B Janet Hibbs's own son came home from college mired in a dangerous depressive spiral she turned to Dr Anthony Rostain Dr Rostain has a secret superpower he understands the arcane rules governing privacy and parental involvement in students mental health care on college campuses the same rules that sometimes hold parents back from getting good care for their kids Now these two doctors have combined their expertise to corral the crucial emotional skills and lessons that every parent and student can learn for a successful launch from home to college *Commentaries on European Contract Laws* Nils Jansen,Reinhard Zimmermann,2018-07-12 The book provides rule by rule commentaries on European contract law general contract law consumer contract law the law of sale and related services dealing with its modern manifestations as well as its historical and comparative foundations After the collapse of the European Commission's plans to codify European contract law it is timely to reflect on what has been achieved over the past three to four decades and for an assessment of the current situation In particular the production of a bewildering number of reference texts has contributed to a complex picture of European contract laws rather than a European contract law The present book adopts a broad perspective and an integrative approach All relevant reference texts from the CISG to the Draft Common European Sales Law are critically examined and compared with each other As far as the *acquis communie* the traditional private law as laid down in the national codifications is concerned the Principles of European Contract Law have been chosen as a point of departure The rules

contained in that document have however been complemented with some chapters sections and individual provisions drawn from other sources primarily in order to account for the quickly growing *acquis communautaire* in the field of consumer contract law In addition the book ties the discussion concerning the reference texts back to the pertinent historical and comparative background and it thus investigates whether and to what extent these texts can be taken to be genuinely European in nature ie to constitute a manifestation of a common core of European contract law Where this is not the case the question is asked whether and for what reasons they should be seen as points of departure for the further development of European contract law
