**Comic Book Crime** Nickie D. Phillips, Staci Strobl, 2013-07-15 Superman Batman Daredevil and Wonder Woman are

iconic cultural figures that embody values of order fairness justice and retribution Comic Book Crime digs deep into these and other celebrated characters providing a comprehensive understanding of crime and justice in contemporary American comic books This is a world where justice is delivered where heroes save ordinary citizens from certain doom where evil is easily identified and thwarted by powers far greater than mere mortals could possess Nickie Phillips and Staci Strobl explore these representations and show that comic books as a historically important American cultural medium participate in both reflecting and shaping an American ideological identity that is often focused on ideas of the apocalypse utopia retribution and nationalism Through an analysis of approximately 200 comic books sold from 2002 to 2010 as well as several years of immersion in comic book fan culture Phillips and Strobl reveal the kinds of themes and plots popular comics feature in a post 9 11 context They discuss heroes calculations of deathworthiness or who should be killed in meting out justice and how these judgments have as much to do with the hero s character as they do with the actions of the villains This fascinating volume also analyzes how class race ethnicity gender and sexual orientation are used to construct difference for both the heroes and the villains in ways that are both conservative and progressive Engaging sharp and insightful Comic Book Crime is a fresh take on the very meaning of truth justice and the American way *Guernsey Breeders' Journal* ,1916 **People** ,2007-09

**The Children's Table** Anna Mae Duane,2013-06-01 Like the occupants of the children s table at a family dinner scholars working in childhood studies can seem sidelined from the adult labor of humanities scholarship The Children s Table brings together scholars from architecture philosophy law and literary and cultural criticism to provide an overview of the innovative work being done in childhood studies a transcript of what is being said at the children s table Together these scholars argue for rethinking the academic seating arrangement in a way that acknowledges the centrality of childhood to the work of the humanities The figure we now recognize as a child was created in tandem with forms of modernity that the Enlightenment generated and that the humanities are now working to rethink Thus the growth of childhood studies allows for new approaches to some of the most important and provocative issues in humanities scholarship the viability of the social contract the definition of agency the performance of identity and the construction of gender sexuality and race Because defining childhood is a means of defining and distributing power and obligation studying childhood requires a radically altered approach to what constitutes knowledge about the human subject The diverse essays in The Children s Table share a unifying premise to include the child in any field of study realigns the shape of that field changing the terms of inquiry and forcing a different set of questions Taken as a whole the essays argue that at this key moment in the state of the humanities rethinking the child is both necessary and revolutionary Contributors Annette Ruth Appell Sophie Bell Robin Bernstein Sarah Chinn Lesley Ginsberg Lucia Hodgson Susan Honeyman Roy Kozlovsky James Marten Karen S nchez Eppler Carol Singley Lynne Vallone John Wall [The Herd Register of the American Guernsey Cattle Club](#) ,1926 **Forgotten Heroes** William Wilbanks,1998 The stories of 117 officers from the years 1840 through 1925 who were killed in the line of duty **Herd**
