The Tale of Chun Hyang, 1991 **Korean Pansori as Voice Theatre** Chan E. Park, 2023-11-16 This book introduces readers to the historical performative and cultural context of pansori a traditional Korean oral story singing art Written by a scholar practitioner of the form this study is structured in three parts and begins by introducing readers to the technical aesthetic and theoretical components of pansori as well as the synthesis of vocal and percussive elements that stage the narrative It moves on to reflect on the historical contexts of pansori alongside Korea's transformation from Joseon monarchy to modern statehood It argues that with colonial annexation came modernist influences that Korean dramatists and audiences used to create new genres of performance using the common thread of pansori The book's third part explores the interplay of preservation and innovation beginning in the post-war period and continuing with developments in the 20th and 21st centuries that coincide with Korea's imprint on cultural globalization Along with Korea's growth as a world economic center a growing enthusiasm for Korean culture around the world has increased the transmission and visibility of pansori This study argues that tradition and innovation are not as divergent as they are sometimes imagined to be and that tradition is the force that enables innovation Drawing on Chan E Park's ethnographic work and performance practice this book interweaves expert knowledge of both the textual and performative aspects of pansori rendering legible this dramatic tradition

explorations demonstrate how far superheroes have traveled to inspire audiences worldwide

Korean Preaching, Han, and Narrative Sangyil Park, 2008 Korean Preaching Han and Narrative defines a narrative style of preaching as an alternative to the traditional expository and topical preaching that has dominated the Christian pulpit in Korean culture for more than one hundred years From a psychological and aesthetic perspective this book shows how humor in sermons can have a cathartic effect on Korean listeners Furthermore the narrative devices of Chunhyangjun suggest an endemic model for Korean Christian narrative preaching to bring the minjung healing from their han and transform their lives through the Gospel
