Financial Management Wilbur G. Lewellen,John A. Halloran,2002-08-01 This text represents a unique approach to introductory corporate finance Although many texts have embraced the theme of shareholder wealth maximization this book thoroughly carries out this theme in a uniquely consistent and unified fashion It establishes the notion that a discounted cash flow mode captures the market valuation process It then applies this concept of valuation not only to the typical analysis of capital expenditure decisions and cost of capital but also to working capital management financial budgeting and planning and international financing and investing decisions Additionally this text is further differentiated by superior substantive and systematic treatment of the investing and financing decisions of multinational firms as part of the core managerial process

Financial management: principles and practices Dr. Dhanraj Patil,2025-05-13 **Financial Management Principles and Practices** is an academic text that offers a comprehensive examination of financial decision making processes within modern business enterprises It is primarily intended for students pursuing courses in commerce finance and management as well as scholars and practitioners seeking a deeper understanding of financial principles and practices The book is systematically divided into eight chapters beginning with an introduction to the fundamental nature scope and objectives of financial management It then explores critical domains such as financial planning and control capital structure investment appraisal working capital management and dividend decisions A distinctive feature of the book is its focus on the regulatory environment the functioning of financial markets and institutions and the influence of foreign investment particularly within the Indian context Recognising the dynamism of the financial landscape the text also incorporates emerging trends including the integration of technology in financial decision making ethical and sustainability considerations global financial practices and the role of big data analytics These contemporary inclusions enhance the academic and practical relevance of the book Each chapter is underpinned by theoretical rigour and is complemented by examples and analytical insights to foster conceptual clarity The structured format and chapter end review questions are designed to support academic learning and
