**Financial Accounting with International Financial Reporting Standards** Jerry J. Weygandt, Paul D. Kimmel, Donald E. Kieso, 2018-07-18 While there is growing interest in IFRS within the US interest outside the US has exploded Weygandt's fourth edition of Financial Accounting IFRS highlights the integration of more US GAAP rules a desired feature as more foreign companies find the United States to be their largest market The highly anticipated new edition retains each of the key features e.g TOC writing style pedagogy robust EOC on which users of Weygandt Financial have come to rely while putting the focus on international companies examples discussing financial accounting principles and procedures within the context of IFRS and providing EOC exercises and problems that present students with foreign currency examples instead of solely US dollars

**ACCA Paper P2 - Corporate Reporting (GBR) Practice and Revision Kit** BPP Learning Media, 2010-01-01 The Association of Chartered Certified Accountants ACCA is the global body for professional accountants With over 100 years of providing world class accounting and finance qualifications the ACCA has significantly raised its international profile in recent years and now supports a BSc Hons in Applied Accounting and an MBA BPP Learning Media is an ACCA Official Publisher P2 is a very challenging paper which builds on the knowledge and skills acquired at earlier levels in the preparation and analysis of financial reports for single entities and groups It takes these areas to a higher level putting into context the role of the accountant as a professional steward and adviser who is responsible to the stakeholders of an organisation It has five main sections 1 Regulatory and ethical framework and current issues 2 Reporting the financial performance of entities 3 Group financial statements 4 Specialised entities 5 Analysis of the financial performance of entities The main new topics introduced at this level relate to group accounts but other topics are tested with a different emphasis and in more depth than at the Fundamentals Level We provide material for both International and UK streams Question practice is essential for all papers but for P2 there is a strong fear factor Questions look intimidating and it is only once you get into the detail that you realise that there are easy marks and more complicated parts that are not essential to get a pass Our practice and revision kit follows the order of the text and there are a large number of questions on all syllabus topics Our kit gives ample opportunity to practice the long 50 mark case studies which will be the compulsory Section A question in the exam Three mock exams including the December 2007 exam also reflect this format As a gentle introduction to many of the topics there are preparation questions giving instructions in basic techniques Most questions have marking schemes so that you can see that the examiner awards marks for these techniques BPP Learning Media is the publisher of choice for many ACCA students and tuition providers worldwide Join them and plug into a world of expertise in ACCA exams
