imaginación Aura García Junco seleccionada por la prestigiosa revista Granta como una de las mejores narradoras en español menores de 35 años combina literatura sociológica y feminismo en un ensayo que se propone analizar lo que se nos dice acerca del amor desde la literatura clásica romana hasta la actual industria del entretenimiento Intrusas, 2018 Isabelle Touton ha dado voz a veinte escogidas escritoras para hablar de cuestiones profesionales y biográficas que ayudan a discernir las dinámicas de lo literario donde no todo es estructura arte retórica forma o perfección Las mujeres se han presentado como unas intrusas unas inesperadas inquilinas en la planta principal del edificio literario que ahora a través de estas entrevistas responden a cuestiones como entre otras muchas por qué a las escritoras se les sigue otorgando menos crédito literario que a los hombres o por qué con la edad van desapareciendo del panorama literario la mayoría de las jóvenes promesas que emergen cada año El estudio introductorio la bibliografía y los materiales complementarios confieren orden y significado a esta veintena de miradas personales *Apegos feroces* Vivian Gornick, Jonathan Lethem, 2018 **Ligero de equipaje** Boris Sánchez Elchiver, 2006 **Fierce Attachments** Vivian Gornick, 1987 The story of the author's lifelong battle with her mother for independence **Cuadernos hispanoamericanos**, 2017 **Primera plana**, 1967 Capital, 1997

history of the personal essay by way of the value they place on lived experience Provocative daring and honest at a time when many writers are deliberately silencing themselves in the face of authoritarian and populist censorship movements the twenty one essays collected here reflect their authors unapologetic observations of the world around them From an inmate struggling to find purpose during his prison sentence to a doctor coping with the unpredictable nature of her patient to a widow wishing for just a little more time with her late husband these narratives and the others featured in this anthology celebrate the endurance of the human spirit The Best American Essays 2023 includes Ciara Alfaro Jillian Barnet Sylvie Baumgartel Eric Borsuk Chris Dennis Xujun Eberlein Sandra Hager Eliason George Estreich Merrill Joan Gerber Debra Gwartney Edward Hoagland Laura Kipnis Phillip Lopate Celeste Marcus Sam Meekings Sigrid Nunez Kathryn Schulz Anthony Siegel Scott Spencer Angelique Stevens David Treuer *The Solitude of Self* Vivian Gornick,2006-09-05 Elizabeth Cady Stanton along with her comrade in arms Susan B Anthony was one of the most important leaders of the movement to gain American women the vote But as Vivian Gornick argues in this passionate vivid biographical essay Stanton is also the greatest feminist thinker of the nineteenth century Endowed with a philosophical cast of mind large enough to grasp the immensity that women s rights addressed Stanton developed a devotion to equality uniquely American in character Her writing and life make clear why feminism as a liberation movement has flourished here as nowhere else in the world Born in 1815 into a conservative family of privilege Stanton was radicalized by her experience in the abolitionist movement Attending the first international conference on slavery in London in 1840 she found herself amazed when the conference officials refused to seat her because of her sex At that moment she realized that In the eyes of the world I was not as I was in my own eyes I was only a woman At the same moment she saw what it meant for the American republic to have failed to deliver on its fundamental promise of equality for all In her last public address *The Solitude of Self* delivered in 1892 she argued for women s political equality on the grounds that loneliness is the human condition and that each citizen therefore needs the tools to fight alone for his or her interests Vivian Gornick first encountered *The Solitude of Self* thirty years ago Of that moment Gornick writes I hardly knew who Stanton was much less what this speech meant in her life or in our history but it I can still remember thinking with excitement and gratitude as I read these words for the first time eighty years after they were written We are beginning where she left off *The Solitude of Self* is a profound distilled meditation on what makes American feminism American from one of the finest critics of our time **Emma Goldman** Vivian Gornick,2011-10-04 Emma Goldman is the story of a modern radical who took seriously the idea that inner liberation is the first business of social revolution Her politics from beginning to end was based on resistance to that which thwarted the free development of the inner self The right to stay alive in one s senses to enjoy freedom of thought and speech to reject the arbitrary use of power these were key demands in the many public protest movements she helped mount Anarchist par excellence Goldman is one of the memorable political figures of our time not because of her gift for theory or analysis or even strategy but because some

extraordinary force of life in her burned without rest or respite on behalf of human integrity and she was able to make the thousands of people who for decades on end flocked to her lectures feel intimately connected to the pain inherent in the abuse of that integrity To hear Emma describe in language as magnetic as it was illuminating what the boot felt like on the neck was to experience the mythic quality of organized oppression As the women and men in her audience listened to her the homeliness of their own small lives became invested with a sense of drama that acted as a catalyst for the wild vagrant hope that things need not always be as they were All you had to do she promised was resist In time she herself would become a world famous symbol for the spirit of resistance to the power of institutional authority over the lone individual In Emma Goldman Vivian Gornick draws a surpassingly intimate and insightful portrait of a woman of heroic proportions whose performance on the stage of history did what Tolstoy said a work of art should do it made people love life more
