**Introduction to New and Alternative Religions in America** William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially

dangerous by the populace at large. Despite their efforts at educating the general public, the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens. Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream. This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context. Determining what actually constitutes a new or alternative religion is a subject of constant debate. Questions arise as to a new faith's legitimacy, beliefs, methods of conversion and other facets of a religious movement's viability and place in a given culture. How a religion gains recognition by the mainstream, which often labels such new movements as cults, is fraught with difficulty, tension and fear. Here experts delineate the boundaries and examine the various groups, beliefs, movements and other issues related to new faiths and alternative beliefs. Readers will come away with a fuller understanding of the religious landscape in America today.

Volume 1: *History and Controversies* discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them. This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved.

Volume 2: *Jewish and Christian Traditions* explores the various new religions that have grown out of these two Abrahamic faiths. Groups such as the Shakers, the People's Temple, the Branch Davidians, Jehovah's Witnesses and others are examined.

Volume 3: *Metaphysical, New Age and Neopagan Movements* looks at Shamanism, Spiritualism, Wicca and Paganism among other movements as they have developed and grown in the U.S. These faiths have found new and devoted followers yet are often misunderstood.

Volume 4: *Asian Traditions* focuses on those new and alternative religions that have been inspired by Asian religious traditions. From Baha'i to Soka Gakkai, from Adidam to the Vedanta Society, contributors look at a full range of groups practicing and worshiping in the U.S. today.

Volume 5: *African Diaspora Traditions and Other American Innovations* examines the various traditions linked to the African diaspora such as Rastafarianism, Santeria and the Nation of Islam, alongside traditions that are truly American incarnations like Scientology, UFO religions and Heaven's Gate. Some of the new and alternative religions covered in these pages include Shamanism, Wicca, Black Israelites, Santeria, Scientology, Elan Vital, Hare Krishna, Soka Gakkai and many more.

*Taboo* Christopher S. Hyatt, Lon Milo DuQuette, Diana Rose Hartmann, 2001. Be warned! This book contains descriptions of practices which might be considered as horrid or shocking to most in the Western world. The extensive case histories and rituals expose what is perhaps the most unspeakable and for its practitioners unspoken taboo of the Western psyche: the union of sex and religion. A must have for those interested in Sex Magick, Chaos Magick, Thelema and the Golden Dawn. **Aleister Crowley's Illustrated Goetia** Aleister Crowley, Lon Milo DuQuette, Christopher S. Hyatt, 1992. Goetia refers to all the operations of that Magick which deals with gross malignant or unenlightened forces. Goetia is sometimes thought of as a wild card something

that can get out of control something which expresses the operator's lower desires to control others and improve his own personal life. And in fact this potential loss of control, this danger, the desire for self-improvement and great power is exactly what attracts many people to Goetia while horrifying and repelling others. Crowley's Goetia is brought to life with vivid illustrations of the demons. Commentary by DuQuette and Hyatt brings the ancient arts into the modern day.

**The Challenge of the New Millennium** Jerral R. Hicks, 1997-05. THE CHALLENGE OF THE NEW MILLENNIUM is a serious examination of what we are as a species, how we have changed as a society during the 30 years past, and what might be done to make society and life more pleasant and worthwhile. It takes a hard look at some unpleasant realities and some brutal truths about human nature.

**Aversion to Honor** Thomas R. Burns, 1997-05. Aversion to Honor, retitled from *In the Rockville Manner*, is a story of sexual harassment and its cover-up within a branch of the very institution which is charged with the protection of the victim: the U.S. Federal Government. Though this book is fiction, it has been subpoenaed by the Department of Justice.

**Phenomenal Women, That's Us!** Madeleine Singer, 2000. This is a book for and about women in midlife. Midlife is a time when intellect, compassion, and experience can combine with positive action to blend true authentic power.

**Books in Print Supplement**, 2002

**Liber Null & Psychonaut** Peter J. Carroll, 1987-01-15. Two complete volumes in one. *Liber Null* contains a selection of extremely powerful rituals and exercises for committed occultists. *Psychonaut* is a manual comprising the theory and practice of magic aimed at those seeking to perform group magic or who work as shamanic priests to the community.
