Herbert explores the history of the policy of Don't Ask, Don't Tell (DADT) the federal law restricting the military service of gays
lesbians and bisexuals In this narrative overview she traces the policy from its origins in the early 1990s through its evolution
and implementation into law in the United States military before evaluating the impact of post 9/11 events on the military the
policy and the ongoing debate surrounding the existence of the policy itself as lawmakers consider its repeal Her three part
history of DADT begins with a brief look at earlier policies that preceded it a discussion of events in 1992 1993 that resulted
in the passage and implementation of the new law and an examination of the law's impact on the military She also compares
the policy to that of other nations such as Canada Australia and Great Britain that eliminated similar restrictions as they
sought ways to avoid a potential manpower shortage in their armed forces The War on Terror has returned DADT to the
public spotlight Embser Herbert examines U.S. experiences in Iraq and Afghanistan and what they can teach about gays and
lesbians in the military She concludes Part I with an analysis of whether the law might be repealed or overturned Part II of
