**Economics** Hugh Stretton, 1999-10-20 This book provides a fresh introduction to real economics Highlighting the complex and changing nature of economic activity this wide ranging text employs a pragmatic

mix of old and new methods to examine the role of values and theoretical beliefs in economic life and in economists understanding of it It attends to the problems which have come with high productivity rapidly changing technology and skills changing proportions of earning and non earning years in most people s lives and a faltering revolution in childhood and parenting which has brought stress and over work for many women It addresses such issues as rising poverty inequality insecurity and the slow progress of environmental reform In focusing on such abuses of affluence the text draws on institutional Keynesian green and feminist theories while emphasising all approaches to understanding economic life

*International Migration in Cuba* Margarita Cervantes-Rodríguez,2010-11-04 Since the arrival of the Spanish conquerors at the beginning of the colonial period Cuba has been hugely influenced by international migration Between 1791 and 1810 for instance many French people migrated to Cuba in the wake of the purchase of Louisiana by the United States and turmoil in Saint Domingue Between 1847 and 1874 Cuba was the main recipient of Chinese indentured laborers in Latin America During the nineteenth century as a whole more Spanish people migrated to Cuba than anywhere else in the Americas and hundreds of thousands of slaves were taken to the island The first decades of the twentieth century saw large numbers of immigrants and temporary workers from various societies arrive in Cuba And since the revolution of 1959 a continuous outflow of Cubans toward many countries has taken place with lasting consequences In this book the most comprehensive study of international migration in Cuba ever undertaken Margarita Cervantes Rodr guez aims to elucidate the forces that have shaped international migration and the involvement of the migrants in transnational social fields since the beginning of the colonial period Drawing on Fernand Braudel s concept of *longue dur e* transnational studies perspectives on power and other theoretical frameworks the author places her analysis in a much wider historical and theoretical perspective than has previously been applied to the study of international migration in Cuba making this a work of substantial interest to social scientists as well as historians
