

# Kennedy's Electronic Communication Systems 5e

The field of electronic communications systems is vast and is of significant relevance to both communication and non-communication engineers. *Kennedy's Electronic Communication Systems* has long been a classical text in the subject and has been of immense help to budding engineers, who are still unaccustomed to the abstract, yet mathematical nature of this subject. The text scores in simplifying are concepts and presenting the content in a fundamental and pedagogical manner. The adaptation carefully maintains the original flavour of the text while incorporating the latest advances in the subject.

## Highlights of this Edition
