Economic Development: Tenth Edition Michael P. Todaro, Stephen C. Smith, **Economic Development** Michael P. Todaro, Stephen C. Smith, 2009 This text maintains a problem and policy oriented approach to development economics It focuses on people and government in developing countries Managing Development in a Globalized World Habib Zafarullah, Ahmed Shafiqul Huque, 2017-09-25 Traditionally development has been rooted in ideologies and assumptions prevalent in the developed world and in practices and strategies adopted by leading industrial nations However historically eclectic ideas and approaches often clash with existing long established notions of progress and modes of realizing social and economic change Managing Development in a Globalized World Concepts Processes Institutions explores this topic by incorporating ideas and interpretations that have previously been neglected or given inadequate attention in the discourse on developing countries It underscores development as a continuous process that must be supported by sound policies and efficient management supplying a wider understanding of the field The authors argue that the application of innovative development techniques and best practices is essential for obtaining optimum results in meeting the needs of society They examine the style of managing development with a new perspective that links the phenomenon with changing demands and the interplay of internal external actors and a host of stakeholders An exploration of key sectors in development provides clear comprehension of problems and solutions A careful synthesis of theoretical conceptual and empirical literature the book assesses real world situations and provides insight into the operational dynamics of development policies programs and institutions It focuses on goals values and dynamics of development management that are undergoing rapid changes and continue to be enhanced to alleviate poverty and improve living standards in an era of globalization and inter regional and inter institutional synergies It highlights best practices essential for the efficient and effective delivery of human development services that are designed and put in place to obtain optimum results in meeting the needs of society

Infrastructure Investments in Developing Economies Giang Dang, Low Sui Pheng, 2014-10-18 This book aims to provide knowledge on how infrastructure is planned and built in a typical developing country and what key variables are there in the system limiting the efficient use of public investments in infrastructure The book begins with a comprehensive literature review on construction and economic development and trade and economic development The focus of the book is on the case of Vietnam with lessons drawn for other developing economies The book employs the mixed use of data to provide a stronger basis for analysis and interpretation of related government policies Based on the research findings the book recommends significant capacity building work for Vietnam to develop capacities that would remove constraints on the efficient use of public investments in infrastructure The general principles of significant capacity building work which are useful for policy implications are introduced in the book Analysts academics public and private communities in developing countries can adopt the research findings as guiding principles to bring about changes in their current use of public

investments in infrastructure thus supporting their trade and economic growth in the long term
