*The Works of Horace, with English Notes* J. L. Lincoln, 2025-08-09 Reprint of the original first published in 1882 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Hamburg Dramaturgy by G.E. Lessing** Natalya Baldyga, 2018-10-26 While eighteenth century playwright and critic Gotthold Ephraim Lessing made numerous contributions in his lifetime to the theater the text that best documents his dynamic and shifting views on dramatic theory is also that which continues to resonate with later generations the Hamburg Dramaturgy Hamburgische Dramaturgie 1767 69 This collection of 104 short essays represents one of the eighteenth century s most important critical engagements with the theater and its potential to promote humanistic discourse Lessing s essays are an immensely erudite deeply engaged witty ironic and occasionally scathing investigation of European theatrical culture bolstered by deep analysis of Aristotelian dramatic theory and utopian visions of theater as a vehicle for human connection This is the first complete English translation of Lessing s text with extensive annotations that place the work in its historical context For the first time English language readers can trace primary source references and link Lessing s observations on drama theory and performance not only to the plays he discusses but also to dramatic criticism and acting theory This volume also includes three introductory essays that situate Lessing s work both within his historical time period and in terms of his influence on Enlightenment and post Enlightenment theater and criticism The newly translated Hamburg Dramaturgy will speak to dramaturgs directors and humanities scholars who see theater not only for entertainment but also for philosophical and political debate **Totius latinitatis lexicon** Egidio Forcellini, 1828 Notes Horace, 1884 *Literature Criticism from 1400 to 1800*, 1987
