Time Lords and Star Cops Philip Braithwaite, 2023-05-30 British science fiction television of the 1970s and 1980s is full of Machiavellian protagonists and fatalistic endings. It presents a complex world of moral and ethical dilemmas appropriate to the emerging political landscape of Thatcherite Britain. This book analyses the science fiction series of the period including Blake's 7, Doctor Who, and Sapphire Steel alongside Britain's transition from social democracy to neoliberal economics and the premiership of Margaret Thatcher. It examines the abrupt shifts in themes and tone that these series often exhibit compared to their predecessors, highlighting comparisons to the similarly abrupt change in Britain's political landscape.

Representations of Children and Success in Asia Shih-Wen Sue Chen, Sin Wen Lau, 2022-09-28 This edited volume explores how success is conceptualized and represented in texts for young people in Asia. The essays in this collection examine how success for children relates to education, family, gender, race, class, community, and the nation. It answers the following questions: How is success for children represented in literature, cinema, and popular media? In what ways are these images grounded in the historical, political, and cultural contexts in which they are produced and consumed? How does childhood agency influence ideas about success in Asia? Highlighting the similarities and differences in how success is defined for children and young adults in Japan, South Korea, People's Republic of China, Singapore, Taiwan, Indonesia, Vietnam, and India, this volume argues that success is an important keyword in the literary and cultural study of childhood in Asia. *The Routledge Handbook of Critical Discourse Studies* John Flowerdew, John E.
