FIENDS

I regret to inform Your Grace that Your Grace's son fell while hunting a fiend. He died on the spot, along with his squire, his guide, the beaters, his peasant entourage and his hounds.

– Kevin Jell, manager of the Villapin Estate near Yuzma

Fiends are walking mountains of muscle capped with horned, tooth-filled heads. Like their rarer cousins, bumbakvetches, they live in thick forests, swamps and bogs. When possible they avoid humans, but when not possible, they kill them, and without much difficulty.

Their size alone makes fiends and bumbakvetches extremely dangerous – one blow from their powerful paws can kill a horse along with its fully-armored mount. Their enormous left also makes them invulnerable to Aard; even witches specializing in the power of Signs could not move one even an inch. Furthermore, any wounds they receive heal at lightning speed.

If that weren't trouble enough, fiends need not rely on their strength and stamina alone when fighting. They can also call on a more refined weapon: the third eye located in the center of their forehead, which they use to draw their prey into a state of hypnosis. During these times their victim does not see anything beyond this single burning eye – the last thing they see before their death.

A fiend's only weakness is its fear of loud noises – bombs

Either way, you've come to the right place. This guide contains interesting knowledge about breathtaking places and deadly monsters that live there, the main heroes, and their exploits. Monsters are presented in the bestiary section, where there is information about the most important and interesting monsters that are encountered while reading books or playing through the game. The guide briefly depicts the politics, formation, and population of the kingdoms to give fans a better understanding of the events. A map is also present. Of course, a diagram of the order to read the books is presented, which will allow you to read novels correctly without spoilers. Here is a summary of the guide: the order of reading the *Witcher* books, description of important events that influenced the history of the *Witcher*'s world, bestiary, location, economy, and politics of kingdoms, races, their history of origin and settlement on the continent, characteristics of the characters of the Saga, and others. Enjoy.
