Corporate Financial Analysis Diana R. Harrington, 2001 This paperback text emphasizes the financial concepts and tools essential for understanding the financial impacts of business decisions Harrington uses current examples of actual business situations to demonstrate how financial tools concepts and theories can be used by managers to improve decision making and enhance business performance The text has a global emphasis with an equal number of domestic and international examples The author includes a discussion of international financial statements and the financial impacts of changes in foreign exchange rates The book's major appeal is its direct concise and no nonsense approach to understanding

both the basics of finance and current financial concepts which allows even non financial managers to understand financial analysis *Managing Global Finance in the Digital Economy* Francisco Carrada-Bravo,2003-06-30 Table of contents

Finance Ronald W. Melicher,Edgar Norton,1999 The tenth edition builds on the success of past editions to provide an up to date survey of the entire finance discipline It provides a valuable overview of the major financial concepts of the disciplines as well as a solid foundation upon which future courses in finance can build Whereas most survey style introductory texts still tend to emphasize corporate finance this book s key strengths are balanced coverage between three major fields of finance institutions investments financial management and an integrated perspective on the interrelationships among them As an introductory survey the book is written with a user friendly focus conveys basic knowledge concepts and terms leaving the finer points discussions of theory and complicated topics for more advanced course work Financial Institutions, Investments, and Management Herbert B. Mayo,1998 The goal of this text is to introduce the business major and particularly the non finance major to the broad field of finance rather than just corporate finance Mayo s is one of the only books that attempts coverage of all three major areas of finance while maintaining a level appropriate for introductory courses in both 2 year and 4 year schools Since many students will have only this exposure to the subject the text gives them a working knowledge of all aspects of introductory finance **Guide to Finance Faculty 97-98** James R.

Hasselback,1996-10 **Foundations of Multinational Financial Management** Alan C. Shapiro,2001-08-21 Focused on real life decision making in an international context this text demystifies and simplifies multinational financial management in a clear conceptual framework The approach is to treat international financial management as a natural and logical extension of the principles and valuation framework provided by domestic corporate financial management to account for dimensions unique to international finance *Finance* Herbert B.
