Introduction to Social Research Keith Punch, 1998-12-21 *Introduction to Social Research* presents the essential elements of both qualitative and quantitative approaches for conducting empirical research in the social sciences

The SAGE Handbook of Social Research Methods Pertti Alasuutari, Leonard Bickman, Julia Brannen, 2008-02-25 *The SAGE Handbook of Social Research Methods* is a must for every social science researcher It charts the new and evolving terrain of social research methodology covering qualitative quantitative and mixed methods in one volume The Handbook includes chapters on each phase of the research process research design methods of data collection and the processes of analyzing and interpreting data The

volume maintains that there is much more to research than learning skills and techniques methodology involves the fit between theory research questions research design and analysis The book also includes several chapters that describe historical and current directions in social research debating crucial subjects such as qualitative versus quantitative paradigms how to judge the credibility of types of research and the increasingly topical issue of research ethics The Handbook serves as an invaluable resource for approaching research with an open mind This volume maps the field of social research methods using an approach that will prove valuable for both students and researchers *An Introduction to Social Research* Howard Washington Odum, Katharine C. Jocher, 1929 *Historical Social Research*, 2005 International journal for the application of formal methods to history **Evaluation in the Human Services** Yvonne A. Unrau, Peter Gabor (M.S.W.), Richard M. Grinnell, 2001 The audience of this book is social work students and students in other related human service programs It is designed to be used as a main text in introductory evaluation courses case management courses or applied research courses It is also suitable as supplementary text in practice methods and administration courses that place an emphasis on accountability Pref *Social Research* Morley D. Glicken, 2003 Glicken Central Michigan U presents a brief supplementary text to help students in the social sciences understand social research and statistics From his experiences as a professor of social work in graduate research the author knows research can be a challenging area for many students so has purposely written the text to make the topic appealing and accessible to students Though academic the tone is conversational and entertaining and real world examples illustrate the concepts Annotation copyrighted by Book News Inc Portland OR *Rehabilitation of Street Children in Kenya* John Kabutha Mugo, 2004 The reality of children working and living on the streets has posed a great challenge in Kenya Scholars have made efforts to explain why it occurs and what might be done about the situation through various studies and research projects However research with these children has so far been centered mainly on the causal factors and the nature and impact of life on the streets through bibliographic details This book offers an analysis of present interventions Through qualitative social research the author focuses on the dynamics in the educational rehabilitation of children working and living on the streets of Kenya John Kabutha Mugo studied music education at Kenyatta University in Kenya and education for children with special needs at the University of Hannover where he was awarded a doctorate He has written about children child labor and violation of children's rights The Cumulative Book Index, 1999 *Cumulated Index to the Books*, 1999 **The Future of Foreign Language Education in the United States** Terry A. Osborn, 2002-01-30 Annotation Foreign language education in the United States is undergoing a time of change and the authors of this collection explore a broad range of issues affecting the field today **Sociological Abstracts**, 1994 **Sociological Abstracts** Leo P. Chall, 1998 *Social Research Methods* William Lawrence Neuman, 1994 This book is based on the premise that doing social research is exciting and fun The research process involves discovering and learning new things which are enjoyable experiences In this book the historical background of research

techniques is outlined and specific studies are described to show that research is a real life activity carried out by real people
