Iran S Strategy For Saving Asad Project Muse:

Between Russia and Iran: Room to Pursue American Interests in Syria John W. Parker, **No Conquest, No Defeat** Ariane M. Tabatabai, 2020-12-15 In early 2019 the Islamic Republic of Iran marked its fortieth anniversary despite decades of isolation political pressure sanctions and war Observers of its security policies continue to try and make sense of this unlikely endurance Some view the regime as a purely rational actor whose national security decisions and military affairs are shaped by the same considerations as in other states Others believe that it is ideology driving Tehran s strategy Either way virtually everyone agrees that the mullahs policies are fundamentally different from those pursued by their monarchical predecessors No Conquest No Defeat offers a historically grounded overview of Iranian national security Tabatabai argues that the Islamic Republic is neither completely rational nor purely ideological Rather its national security policy today is largely shaped by its strategic culture a product of the country s historical experiences of war and peace As a result Iranian strategic thinking is perhaps best characterized by its dynamic yet resilient nature one that is continually evolving As the Islamic Republic enters its fifth decade this book sheds new light on Iran s controversial nuclear and missile programs and its involvement in Afghanistan Iraq Lebanon Syria and Yemen

Temperature Rising Nader Uskowi, 2018-11-09 Iran is a country at war in Syria Iraq and Yemen The founder of the Islamic Republic Ayatollah Khomeini always told audiences that the revolution was not about Iran but the whole region To establish an arc of Shia influence across the Middle East the Islamic Republic created the Quds Force the extraterritorial branch of its Revolutionary Guards Hundreds of thousands of Shia youths were recruited trained armed and organized in militia groups across the region The book tells the story of how the Quds Force and its Shia militias fought on the three fronts to advance the Islamic Republic s militant interpretation of Shia Islam and create a contiguous land corridor linking Iran through Iraq to Syria Lebanon and the Israeli northern fronts The Iran led operations are creating enormous political and security challenges for the Sunni Arabs and all regional powers creating further instabilities in an already turbulent Middle East with specters of direct military conflicts looming pitting Iran against the Arab states and Israel
