and extermination began in Southeast Asia in the same year Pol Pot's Khmer Rouge regime ruled Cambodia from 1975 to 1979 and Indonesian forces occupied East Timor from 1975 to 1999 This book examines the horrific consequences of Cambodian communist revolution and Indonesian anti communist counterinsurgency It also chronicles the two cases of indigenous resistance to genocide and extermination the international cover ups that obstructed documentation of these crimes and efforts to hold the perpetrators legally accountable The perpetrator regimes inflicted casualties in similar proportions Each caused the deaths of about one fifth of the population of the nation Cambodia's mortality was approximately 1.7 million and approximately 170,000 perished in East Timor In both cases most of the deaths occurred in the five year period from 1975 to 1980 In addition Cambodia and East Timor not only shared the experience of genocide but also of civil war international intervention and UN conflict resolution U.S. policymakers supported the invading Indonesians in Timor as well as the indigenous Khmer Rouge in Cambodia Both regimes exterminated ethnic minorities including local Chinese as well as political dissidents Yet the ideological fuel that ignited each conflagration was quite different Jakarta pursued anti communism the Khmer Rouge were communists In East Timor the major Indonesian goal was conquest In Cambodia the Khmer Rouge's goal was revolution Maoist ideology influenced Pol Pot's regime but it also influenced the East Timorese resistance to the Indonesia's occupiers Genocide and Resistance in Southeast Asia is significant both for its historical documentation and for its contribution to the study of the politics and mechanisms of genocide It is a fundamental contribution that will be read by historians human rights activists and genocide studies specialists

Viajes clásicos Juan Dantin-Cereceda, 1921 **Oiga**, 1991 **Boletín de La Liberia**, 1884 *Arte Contemporáneo de Cuba* Marilyn Zeitlin, Gerardo Mosquera, 1999 The poetic birth of Cuba and of the character of its culture might be found in a phrase placed in the mouth of an aborigine of the island and included in a book by the Cuban writers Cintio Vitier and Fina García Marruz who traced and assembled such outbursts of inadvertent poetry As is well known the Spaniards arrived in America by way of the Antilles which have always formed a sort of aquatic frontier of the continent In addition to a thirst for gold the peculiar geography of the area awakened another obsession in Christopher Columbus and his followers that was to last for years to know if the landscape they were seeing was an island or terra firma Cuba's elongated shape and its relatively considerable size tended to disorient them An obscure historian of the nineteenth century the priest of the Cuban village of Los Palacios tells us that when Columbus asked the natives of Cuba if the place was island or continent they answered him that it was an infinite land of which no one had ever seen the end although it was an island Cuba was thus born for the West as quandary aporia bluff In addition it was to impose the mystery of its aboriginal name over the almost kitschy name Juana given by the Europeans The paradox of an infinite island remains as an image of the hyperbolic destiny of Cuba always out of proportion in comparison to its material bases Perhaps it is also worthwhile to stress that peculiar and fluid juncture between an insularity that always looks within the cursed circumstance of water everywhere as another writer said and an opening
