Tung,2001 Both epic and intimate this is the story of the fight to save the world s architectural and cultural heritage as it is embodied in the extraordinary buildings and urban spaces of the great cities of Asia the Americas and Europe Never before have the complexities and dramas of urban preservation been as keenly documented as inPreserving the World s Great Cities In researching this important work Anthony Tung traveled throughout the world to visit remarkable buildings and districts in China Italy Greece the U S Japan and elsewhere Everywhere he found both the devastating legacy of war economics and indifference and the accomplishments of people who have worked and sometimes risked their lives to preserve and renew the most meaningful urban expressions of the human spirit From Singapore s blind rush to become the most modern city of the East to Warsaw s poignant and heroic effort to resurrect itself from the Nazis systematic campaign of physical and cultural obliteration from New York and Rome to Kyoto and Cairo we see the city as an expression of the best and worst within us This is essential reading for fans of Jane Jacobs and Witold Rybczynski and everyone who is concerned about urban preservation From the Hardcover edition The Planning Imagination Mark Tewdwr-Jones,Nicholas Phelps,Robert Freestone,2013-10-01 Knighted in 1998 for services to the Town and Country Planning Association and in 2003 named by Her Majesty Queen Elizabeth II as a Pioneer in the Life of the Nation Peter Hall is internationally renowned for the breadth and depth of his studies and writings on urban and regional planning For the last 50 years he has captured and helped to create the planning imagination Here the editors have brought together in five themes a series of critical reflections on Peter s vast and diverse contributions Those reflections are provided by colleagues familiar with his work The five parts are devoted to Peter Hall s breadth of academic work covering the history of cities and planning London spatial planning connectivity and mobility and urban globalization Finally as a sixth part the editors have asked Peter Hall himself to reflect on his career and the sources of his imagination The story this book tells is not one of a singular totally consistent theoretical and philosophical view elaborated over several decades Rather it covers a set of views that necessarily admits signs of Peter s inconsistency and imperfection over the years the insights and imperfections that inevitably accompany the exercise of a nonetheless remarkably fertile restless and inspiring planning imagination Cities for Tomorrow: Resource document Hans L. Westerman,Austrroads,1998 Les Villes Mondiales Carleton University. Institute of Canadian Studies,International Council for Canadian Studies,1999 *The City Builders* Susan S. Fainstein,2001 This revised edition examines major redevelopment efforts in New York and London to uncover the forces behind these investment cycles

and the role that public policy can play in moderating market instability It chronicles the progress of three development projects in New York and three in London *Carfree Cities* J. H. Crawford,2002 In this volume filled with historical and contemporary references to guiding historic precedents and ideological errors of 20th century planning the author sets up the carfree city as the cornerstone of sustainable development This book outlines a structure carefully designed to maximize the quality of life for people and communities worldwide Also available in cloth 9057270374 Cities in a World Economy Saskia Sassen,2006-04-11 The Third Edition of the international bestselling *Cities in a World Economy* presents sociologists with a new perspective on the study of urban sociology The decentralization and privatization of the world s economies has radically altered such things as the organization of labour the structure of consumption and the distribution of earnings in ways that have yet to be fully realized In a world economy that is truly more global than it has ever been Saskia Sassen addresses the need to account for the global economies increasing influence on the social structures of cities The Town Planning Review Patrick Abercrombie,1997 *Cities in Full* Steve Belmont,2002 Three decades ago urban America was troubled by escalating crime rates and a fleeing middle class but conditions in many cities were enviable then compared to now Some are so damaged that to restore them to their 1970 condition seems an insurmountable task and true revitalization may seem unimaginable to those who control their fate Yet all is not lost *Cities in Full* explores the great potential of the American city and outlines essential elements necessary for its revitalization Steve Belmont embraces Jane Jacobs much acclaimed prescription for urban vitality high densities mixed land uses small blocks and variously aged buildings This book examines neighborhoods that adhere to precepts and those that do not and compares the results He examines the destructive forces of decentralization and shows how and why they must be turned into forces of renewal The author outlines an agenda for recentralizing commerce housing and transportation infrastructure and discusses how recentralization is affected by poor social and economic conditions The author analyzes the deficiencies of current low income housing policy and offers a strategy more favorable to cities and their metropolitan areas Belmont exposes neighborhood political forces that sometimes thwart a city s best interests and offers an ambitious blueprint for renewal that includes creating middle and upper income housing at moderate and high densities revitalizing neighborhood commercial streets with an urban spirit building new centralized infrastructure and transforming the public realm to attract the middle class Exhaustively researched and well illustrated this book is an invaluable resource for planners dedicated to reviving American cities *Local Government Law* Gerald E.
