Charlemagne, Muhammad, and the Arab Roots of Capitalism Gene William Heck,2008-08-22 Presented in six principal analytic chapters with supporting appendices this book explores the role of Islam in precipitating Europe s twelfth century commercial renaissance Employing the classic analytic techniques of economics Gene Heck determines that medieval Europe s feudal interregnum was largely caused by indigenous governmental business regulation and not by shifts in international trade patterns He then proceeds by demonstrating how Islamic economic precepts provided the ideological rationales that empowered medieval Europe to escape its three centuries long experiment in Dark Age economics in the process providing the West with its archetypic tools of capitalism While treatises such as Maxime Rodinson s excellent book *Islam and Capitalism* document the capitalistic nature of the Islamic economic system in applying modern economic method to medieval orientalist historiography this work is unique in capturing both the evolution and the impact of the system s role in forging medieval history

China and the West to 1600 Steven Wallech,2016-03-30 A comparative history of Chinese and Western Civilization from the dawn of agriculture to the dawn of modernity in Europe *China and the West to 1600* explores the factors that led to the divergent evolution of two major cultures of the ancient world and considers how the subsequent developments saw one culture cling to tradition even as the other failed to do so inadvertently setting the stage for the birth of the Modern Era An accessible and inventive comparative history suitable for all students at the college level as well as general readers Compares the history of Chinese civilization with Western civilization from the rise of agriculture to the dawn of the modern period Explores the ways in which Western failures in the Middle Ages after the Roman Empire s collapse and China s successes in the same period laid the groundwork for each culture s divergent path in the modern period Makes meaningful connections between cultures and over time through the use of themes such as agriculture philosophy religion and warfare and invasion Bridges the gap between antiquity and modernity looking at many factors of the global Middle Ages that influenced the development of the modern world Features a timeline maps endnotes and complete index
