Libra By Don DeLillo:

Libra Don DeLillo, 1991-05-01 From the author of the National Book Award winning novel *White Noise* comes an eerily convincing fictional speculation on the events leading up to the assassination of John F Kennedy In this powerful unsettling novel Don DeLillo chronicles Lee Harvey Oswald s odyssey from troubled teenager to a man of precarious stability who imagines himself an agent of history When history presents itself in the form of two disgruntled CIA operatives who decide that an unsuccessful attempt on the life of the president will galvanize the nation against communism the scales are irrevocably tipped A gripping masterful blend of fact and fiction alive with meticulously portrayed characters both real and created *Libra* is a grave haunting and brilliant examination of an event that has become an indelible part of the American psyche

Libra Don DeLillo, 1988 **Americana** Don DeLillo, 1989 Roman om Lee Harvey Oswalds liv fra teenager til den dag han myrder John F Kennedy **Literary Contexts in Novels** ,2006 American Postmodernist Fiction and the Past T. Savvas, 2011-10-24 Through a close reading of the work of five prominent American postmodernist writers this book re evaluates the role of the past in recent American fiction outlines the development of the postmodernist historical novel and considers the waning influence of postmodernism in contemporary American literature *Libra* Don DeLillo, 2009-02-27 The anti hero of *Libra* is Lee Harvey Oswald who is as hauntingly real in the book as he was elusive in reality Here he is as large and as small as life joining the marines poring over Marxist texts defecting to Russia handing out leaflets for the Fair Play Cuba committee imagining himself as an agent of history That is until history presents itself in the form of two disgruntled CIA operatives who decide that an unsuccessful attempt on JFK s life one that could be linked to Fidel Castro is the only way to put Cuba back in geopolitical play and that Oswald would be the perfect instrument for their plans Praise for *Libra* One of the most ironic intelligent grimly funny voices to comment on life in present day America The New York Times *Libra* operates at a dizzyingly high level of intensity throughout it s that true fictional rarity a novel of admirable depth and relevance that s also a terrific page turner USA Today Latent Destinies Patrick O'Donnell, 2000-10-27 Uses a discussion of contemporary films and literary works to present an understanding of paranoia as a defining element in postmodern late capitalist structure

Novel History Mark C. Carnes, 2004-03-05 Historical fiction is a contradiction in terms History is what happened fiction what did not Yet great novelists have often disregarded this logical difficulty taking up the tools of the historian to explore the shadowy recesses of the past Their labors have brought forth many literary treasures But how accurately do these masterpieces of the imagination reflect the past In *Novel History* twenty accomplished historians consider this question in relation to some of our most important historical novels Their essays are followed in most instances by a response from the novelist These dialogues illuminate one of the most fascinating and perplexing issues of our time the relation between the real past and our finest imaginative renderings of it *Novel History* includes essays by distinguished historians such as John Demos Michael Kammen Joan D Hedrick John Lukacs Eugene D Genovese Richard White and Tom Wicker and responses

from notable novelists including Gore Vidal John Updike Russell Banks Don DeLillo Larry McMurtry Jane Smiley Madison Smartt Bell William Styron T Coraghessan Boyle William Kennedy Charles Frazier Thomas Fleming and Tim O'Brien Novel History is both a uniquely compelling perspective and a superb collection of literary history

Biography and the Postmodern Historical Novel John F. Keener, 2001 This book describes and evaluated the ever intensifying uneasiness felt by contemporary readers and critics when they confront real people in fictional texts The book's range and depth of analysis is impressive The fortunes of Dutch Schultz Lee Harvey Oswald and Richard Nixon at the hands of novelists dramatists film makers and composers receive close attention and so do fictional representations of biographers themselves

Presidents and Place Olga Maria May Akroyd, Thomas Cobb, 2023-03-20 Presidents and Place America's Favorite Sons highlights the interrelationship between America's leading political icons and various facets of space and place including places of birth and death as well as regional allegiances among others The chapters examine the legacy of relationships between presidents and place in a variety of social and cultural forms ranging from famous political campaigns to television series to developments in tourism Beginning with the political iconography of New York's Federal Hall in early eighteenth century America and ending with a focus on the Republican Party's electoral relationship with the South the interdisciplinary and methodologically diverse nature of the chapters reveals that place has more than a biographical significance in relation to US presidents

American Novel Explication, 1991-1995 Catherine Glitsch, 1998 Covers criticism of American novels found in journals and books published between the years 1991 and 1995

Libra Don DeLillo, 2018-06 Dealey Plaza Dallas Texas Friday November 22 1963 12:30 PM Shots ring out A president dies And a nation is plunged into psychosis Don DeLillo's extraordinary *Libra* is a brilliant reimagining of the events and people surrounding the assassination of President John F. Kennedy Concentrating on the lives of Lee Harvey Oswald some rogue former spooks unhappy with Kennedy's presidency and Nicholas Branch a CIA archivist trying to make sense of or draw inferences from the mass of information after the assassination *Libra* presents an unapologetically provocative picture of America in the second half of the last century

The JFK Assassination Debates Michael L. Kurtz, 2006 William L. Kurtz delivers a comprehensive thought provoking book about the various theories surrounding the JFK assassination favoring the conspiracy theory himself
