App Nation Brad Adams, 2013-01. From unknown status in 2009, mobile apps are now part and parcel of everyday conversation. They have moved from being a novelty to a utility for everyday use. APP NATION documents how mobile apps are passing online computers for everyday usage. And it shows how we are just in the beginning phases of adoption. Mobile apps are no longer just for large and well-funded businesses. They have now become affordable and accessible for even small businesses. APP NATION explains why businesses need their own mobile app. Most importantly, it shows small business owners what they need to know to intelligently participate in the mobile app revolution. Mobile apps are a key component of the smart business's strategy to create affinity with their customers. Loyalty is not the only byproduct. Businesses that follow the strategies outlined in this book make more profits. If you are just curious about the future of mobile apps, this book will answer your questions. If you have a business, APP NATION will show you how you can build ongoing loyalty from your customers and supercharge your profits at the same time.

Mobile App Development for Businesses Maja Dakić, 2023. Digitize your business operations both internally and externally with a well-structured app design. Customers today turn to mobile when searching for their future vendor. This book is your step-by-step guide through the process of building mobile apps that will meet your company's needs as well as the needs of your staff. See exactly how applying certain basic principles work and make them serve your goals by troubleshooting common mobile app design usability and promotion issues. You'll start by listing the advantages of what makes a mobile app an ideal platform and resource for growing your market and revenue. As many companies burn money on failed mobile app projects, you'll review the best practices on how to outline your app ideas and create a mobile product roadmap. You'll then explore the process of starting mobile app development from an initial idea to the final product. You'll look at the setbacks in development that can cost you a successful outcome and review proven practices and features that lead to success, no matter what industry you operate in. You'll also understand the dynamics of mobile app development and the best ways to ensure that your mobile app serves your company's goal for further growth. At the end, you'll future-proof your app and weigh the pros and cons of potentially outsourcing mobile development. Mobile App Development for Businesses puts theory into practical use for developing internal and external mobile apps. You will launch and position your app in the market. Develop apps for internal

and external audiences Collect and incorporate user feedback See why any great business today starts with a solid digital foundation
