Cap Certification Study :

Certified Authorization Professional Exam Examfocus Study Notes & Review Questions 2014

Examreview,2013-11-05 The ISC2 Certified Authorization Professional CAP certification indicates a professional level of knowledge and skills on the subject of federal information system authorization Authorization means operating a federally owned information system with formal acceptance of risk from an Authorization Officer who has the authority to make major risk related decisions within a federal organization The CAP exam covers security practices and federal information security protection laws as well as NIST publications and OMB regulations Officially there are seven knowledge domains including 1 Understanding the Security Authorization of Information Systems 2 Categorize Information Systems 3 Establish the Security Control Baseline 4 Apply Security Controls 5 Assess Security Controls 6 Authorize Information System 7 Monitor Security Controls When we develop our material we do not classify topics the BOK way In fact we follow our own flow of instructions which we think is more logical for the overall learning process Don t worry it does not hurt to do so as long as you truly comprehend the material To succeed in the exams you need to read as many reference books as possible There is no single book that can cover everything This ExamFOCUS book focuses on the more difficult topics that will likely make a difference in exam results The book is NOT intended to guide you through every single official topic You should therefore use this book together with other reference books for the best possible preparation outcome Cap Exam Study System Cap Exam Secrets Test Prep,2014-03-31 **CAP Administrative Professional Certification with Technology Applications**

Specialty in Outlook Exam Study Guide 2015/16 Examreview,2015-12 According to the International Association of Administrative Professionals IAAP the CAP exam is offered as a single part exam The exam covers 1 Organizational Communication 25% 2 Business Writing and Document Production 20% 3 Technology and Information Distribution 15% 4 Office and Records Management 15% 5 Event and Project Management 12% 6 Human Resources 8% 7 Financial Functions 5% As a CAP candidate you are expected to know almost EVERYTHING You do not have to be an expert in everything but your peers will expect you to have knowledge on almost everything Keep in mind the phrase administrative professional is a general title associated with administrative support staff you need to provide support whenever requested Support request can come from different sources and may involve different disciplines Even though you may not always need to provide hands on help you do need to know how to properly redirect and allocate the help requests to the proper places In fact administrative professionals are expected to greet and assist company visitors and customers as well as managers executives and their staff They serve BOTH as frontline personnel and as backend personnel They need to be good communicators They need to adapt to different personalities and work styles of bosses and peers This product provides extensive and in depth coverage on a wide variety of business and office management topics to help you prepare for the exam If you are new to office procedures and administration use this study guide TOGETHER WITH other sources of information to prepare for the
