Paul Hughes-Barlow

Nightside Of Eden Kenneth Grant:

Nightside of Eden Kenneth Grant,1994 Here for the first time the head of a genuine Magical Organisation reveals the esoteric doctrines of the black magic of the Left Hand Path as well as the practical applications of psychosexual formulae of which very little is generally known

The Eloquent Blood Manon Hedenborg White,2019-10-14 In the conventional dichotomy of chaste pure Madonna and libidinous whore the former has usually been viewed as the ideal form of femininity However there is a modern religious movement in which the negative stereotype of the harlot is inverted and exalted The Eloquent Blood focuses on the changing construction of femininity and feminine sexuality in interpretations of the goddess Babalon A central deity in Thelema the religion founded by the notorious British occultist Aleister Crowley 1875 1947 Babalon is based on Crowley s favorable reinterpretation of the biblical Whore of Babylon and is associated with liberated female sexuality and the spiritual ideal of passionate union with existence Analyzing historical and contemporary written sources qualitative interviews and ethnographic fieldwork in the Anglo American esoteric milieu the study traces interpretations of Babalon from the works of Crowley and some of his key disciples including the rocket scientist John Jack Whiteside Parsons and the enigmatic British occultist Kenneth Grant until the present From the 1990s onwards this study shows female and LGBTQ esotericists have challenged historical interpretations of Babalon drawing on feminist and queer thought and conceptualizing femininity in new ways Tracing the trajectory of a particular gendered symbol from the fin de siècle until today Manon Hedenborg White explores the changing role of women in Western esotericism and shows how evolving constructions of gender have shaped the development of esotericism Combining research on historical and contemporary Western esotericism with feminist and queer theory the book sheds new light on the ways in which esoteric movements and systems of thought have developed over time in relation to political movements

The Tarot and the Magus Paul Hughes-Barlow,2004-12-31 This is by no means simply a theoretical treatise accessible only to specialists Any discerning reader can cope with the initiatory contents of The Tarot perceiving completely new horizons of thought activity psychology cosmogony and practical magic in this traditional form of Hermetic Occultism An enormous number of questions that occur to the earnest seeker are answered in new and fascinating ways The attentive reader is offered the opportunity to understand the true meaning of one s own life and destiny as well as that of the epoch in which we live

Necronomicon Files Daniel Harms,John Wisdom Gonce,2003-07-01 What if a book existed that gave answers to everything you ve ever wondered about What would you do to learn its secrets Tales of such books have abounded for millennia and are legend in occult history One of the most pervasive modern iterations is that of the Necronomicon said to be a genuine occult text from the 8th century The Necronomicon really is the creation of science fiction writer H P Lovecraft 1891 1937 in whose books the magic volume first appears in print In The Necronomicon Files two occult authorities explore all aspects of The Necronomicon from its first appearance in Lovecraft s fiction to its ongoing pervasive appearance in cult and occult circles The Necronomicon Files

revised and expanded further reveals the hoax of the Necronomicon Harms and Gonce show that the apocryphal history of the Necronomicon was concocted by Lovecraft to lend it verisimilitude in his fiction The magical text was transformed into an icon among Lovecraft's literary circle who added to the book's legend by referring to it in their own writing People became convinced that it was a real book and its references in literature and film continue to grow The book also examines what people have undergone to find the Necronomicon and the cottage industry that has arisen over the past three decades to supply the continuing demand for a book that does not exist Scholarly yet accessible humorous and intriguing The Necronomicon Files illuminates the depth of the creative process and the transformations of modern myth while still managing to preserve much of the romance and fascination that surrounds the Necronomicon in our culture
