Frontiers of the Caribbean Philip Nanton, 2017-01-30 This book argues that the Caribbean frontier usually assumed to have been eclipsed after colonial conquest remains a powerful but unrecognised element of Caribbean island culture Combining analytical and creative genres of writing it explores historical and contemporary patterns of frontier change through a case study of the little known Eastern Caribbean multi island state of St Vincent and the Grenadines Modern frontier traits are located in the wandering woodcutter the squatter on government land and the mountainside ganja grower But the frontier is also identified as part of global production that has shaped island tourism the financial sector and patterns of migration An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence

The Plantation Machine Trevor Burnard, John Garrigus, 2016-05-26 Jamaica and Saint Domingue were especially brutal but conspicuously successful eighteenth century slave societies and imperial colonies These plantation regimes were to adopt a metaphor of the era complex machines finely tuned over time by planters merchants and officials to become more efficient at exploiting their enslaved workers and serving their empires Using a wide range of archival evidence The Plantation Machine traces a critical half century in the development of the social economic and political frameworks that made these societies possible Trevor Burnard and John Garrigus find deep and unexpected similarities in these two prize colonies of empires that fought each other throughout the period Jamaica and Saint Domingue experienced at nearly the same moment a bitter feud between planters and governors a violent conflict between masters and enslaved workers a fateful tightening of racial laws a steady expansion of the slave trade and metropolitan criticism of planters cruelty The core of The Plantation Machine addresses the Seven Years War and its aftermath The events of that period notably a slave poisoning scare in Saint Domingue and a near simultaneous slave revolt in Jamaica cemented white dominance in both colonies Burnard and Garrigus argue that local political concerns not emerging racial ideologies explain the rise of distinctive forms of racism in these two societies The American Revolution provided another imperial crisis for the beneficiaries of the plantation machine but by the 1780s whites in each place were prospering as never before and blacks were suffering in new and disturbing ways The result was that Jamaica and Saint Domingue became vitally important parts of the late eighteenth century American empires of Britain and France

Modern Times?
