academic writers and disaster planners on the one hand and a desire by people of faith and their leaders to be more fully committed to the goals of DRR The book will appeal to those who are interested in the interface between disasters and theology across the principal religions of the world This includes researchers and students in geology geography theology and religious studies It will also be useful for specialist academic audience and the educated general reader

Student and Teacher Writing Motivational Beliefs Steve Graham, Gary A. Troia, Gustaf Bernhard Uno Skar, 2024-06-21 The study of students motivational beliefs about writing and how such beliefs influence writing has increased since the publication of John Hays 1996 model of writing This model emphasized that writers motivational beliefs influence how and what they write Likewise increased attention has been devoted in recent years to how teachers motivational beliefs about writing especially their efficacy to teach writing impact how writing is taught and how students progress as writers As a result there is a need to bring together in a Research Topic studies that examine the role and influence of writing beliefs Historically the psychological study of writing has focused on what students write or the processes they apply when writing Equally important but investigated less often are studies examining how writing is taught and how teachers efforts contribute to students writing What has been less prominent in the psychological study of writing are the underlying motivational beliefs that drive or inhibit students writing or serve as catalysts for teachers actions in the classroom when teaching writing This Research Topic will bring together studies that examine both students and teachers motivational beliefs about teaching writing This will include studies examining the operation of such beliefs how they develop cognitive and affective correlates how writing motivational beliefs can be fostered and how they are related to students writing achievement By focusing on both students and teachers beliefs the Research Topic will provide a more nuanced and broader picture of the role of motivation beliefs in writing and writing instruction This Research Topic includes papers that address students motivational beliefs about writing teachers motivational beliefs about writing or teaching writing Students motivational beliefs about writing include beliefs about the value and utility of writing writing competence attitudes toward writing goal orientation motives for writing identity epistemological underpinnings writing and attributions for success failure as examples Teacher motivational include these same judgements as well as beliefs about their preparation and their students competence and progress as writers to provide additional examples This Research Topic is interested in papers that examine how such beliefs operate develop are related to other cognitive and affective variables how they are impacted by instruction and how they are related to students writing performance Submitted studies can include original research both quantitative qualitative or mixed methods meta analysis and reviews of the literature

Bibliographic Index, 2007 [From Immigrants to Americans](#) Jacob L. Vigdor, 2010-01-16 Immigration has always caused immense public concern especially when the perception is that immigrants are not assimilating into society they way they should or perhaps the way they once did Americans are frustrated as they try to order food hire laborers or simply talk to someone they see on the street and cannot

communicate with them because the person is an immigrant who has not fully adopted American culture or language But is this truly a modern phenomenon In *From Immigrants to Americans* Jacob Vigdor offers a direct comparison of the experiences of immigrants in the United States from the mid 19th century to the present day His conclusions are both unexpected and fascinating Vigdor shows how the varying economic situations immigrants come from has always played an important role in their assimilation The English language skills of contemporary immigrants are actually quite good compared to the historical average but those who arrive without knowing English are learning at slower rates He continues to argue that today s immigrants face far fewer incentives to assimilate and offers a set of assimilation friendly policies *From Immigrants to Americans* is an important book for anyone interested in immigration either the history or the modern implications or who want to understand why today s immigrants seem so different from previous generations of immigrants and how much they are the same Co published with the Manhattan Institute [College Credit for Writing in High School](#) Kristine Hansen,Christine Farris,2010 Edited by Kristine Hansen and Christine R Farris this collection explores various options that students have for taking care of the first year college writing requirement including AP tests concurrent enrollment dual credit courses the International Baccalaureate diploma and early college high schools The first year college writing requirement is a time honored tradition in almost every college and university in the United States Many high school students seek to fulfill this requirement before entering college through a variety of programs such as Advanced Placement tests concurrent enrollment programs the International Baccalaureate diploma and early college high schools The growth of these programs raises a number of questions including Is this kind of outsourcing of instruction to noncollege providers of educational services something to be resisted or embraced What are the possible benefits and detriments to students their parents their teachers and the educational institutions What standards should be met with respect to student readiness teacher preparation curricular content pedagogical strategies and learning outcomes How can we create a seamless K 14 educational system that effectively teaches writing to students in the transition from adolescence to adulthood Contributors to this volume including high school teachers professors at community colleges and universities and administrators at both the secondary and postsecondary levels explore the complexity of these issues offer best practices and pitfalls of such a system establish benchmarks for success and lay out possible outcomes for a new educational landscape *Cornell University Courses of Study* Cornell University,2000
