Formwork for Concrete Mary Krumboltz Hurd, 2005 Formwork for Concrete has been written to serve a broad range of needs for information on formwork For the experience designer or builder of formwork it is a ready reference on material properties design data and construction suggestions For the engineer architect it adds guidance in relating details of the structure s design to the problems and possibilities of executing them in concrete For the novice the book provides an introduction to many common formwork practices explaining basic design principles and encouraging a rational rather than rule of thumb approach to formwork book jacket

Capture and Reuse of Project Knowledge in Construction Hai Chen Tan, Chimay J. Anumba, Patricia M. Carrillo, Dino Bouchlaghem, John Kamara, Chika Udeaja, 2010-02-01 Capture and Reuse of Project Knowledge in Construction An organisation s competitive advantage lies in the knowledge of its employees and the organisation s ability to harness that knowledge to meet business objectives Knowledge management is recognised in the construction industry as a potential tool for providing organisational benefits but for a number of reasons particularly the project based nature of construction where teams are transient multidisciplinary and often from different organisations implementation has been only marginally successful Capture and Reuse of Project Knowledge in Construction describes a methodology for the live capture of reusable project knowledge that reflects both the organisational and human dimensions of knowledge capture and reuse as well as exploiting the benefits of technology This methodology was developed in response to the shortcomings of current practices in managing project knowledge the benefits offered by capturing and sharing knowledge immediately after it is generated and the organisational benefit of reusing knowledge within a project based environment Written for all practitioners in project based industries who have struggled with the capture and reuse of knowledge on their projects it will also be of interest to students and researchers in construction management and allied disciplines
