

SETTING UP IN BUSINESS

INTRODUCTION:

Businesses are set up to make a profit.

A business generates income by selling products and/or services.

To be able to sell products/services, the business must incur expenses. If the income exceeds the costs of the business, the business makes profit.

Companies House = the Registrar of Companies in the UK.

Considerations that determine the most suitable business media:

- Cost considerations:**
 - A proportion of the company's profit may be given to the business owners. The rest is retained by that business for growth.
 - The company will need to raise finance to pay for set-up costs, develop and expand.
 - Businesses raise finance in four ways:
 - Investment by the company's owners
 - Investment by outside investors
 - Borrowing money – e.g. **issuing of a loan**
 - Retaining a proportion of the profits (instead of distributing it to investors/owners (dividend))
- Mitigating or minimising risk:**

Does the owner have personal liabilities for all debt?
- Structural considerations:**

Business media should provide a clear organisational structure.
