Mullahy,2013-06-20 **Foundations for Community Health Workers** Tim Berthold,Alma Avila,Jennifer Miller,2009-08-13 Foundations for Community Health Workers Foundations for Community Health Workers is a training resource for client and community centered public health practitioners with an emphasis on promoting health equality Based on City College of San Francisco s CHW Certificate Program it begins with an overview of the historic and political context informing the practice of community health workers The second section of the book addresses core competencies for working with individual clients such as behavior change counseling and case management and practitioner development topics such as ethics stress management and conflict resolution The book s final section covers skills for practice at the group and community levels such as conducting health outreach and facilitating community organizing and advocacy Praise for Foundations for Community Health Workers This book is the first of its kind a manual of core competencies and curricula for training community health workers Covering topics from health inequalities to patient centered counseling this book is a tremendous resource for both scholars of and practitioners in the field of community based medicine It also marks a great step forward in any setting rich or poor in which it is imperative to reduce health disparities

and promote genuine health and well being Paul E Farmer MD PhD Maude and Lillian Presley Professor of Social Medicine in the Department of Global Health and Social Medicine at Harvard Medical School founding director Partners In Health This book is based on the contributions of experienced CHWs and advocates of the field I am confident that it will serve as an inspiration for many CHW training programs Yvonne Lacey CHW former coordinator Black Infant Health Program City of Berkeley Health Department former chair CHW Special Interest Group for the APHA This book masterfully integrates the knowledge skills and abilities required of a CHW through storytelling and real life case examples This simple and elegant approach brings to life the intricacies of the work and espouses the spirit of the role that is so critical to eliminating disparities a true model educational approach to emulate Gayle Tang MSN RN director National Linguistic and Cultural Programs National Diversity Kaiser Permanente Finally we have a competency based textbook for community health worker education well informed by seasoned CHWs themselves as well as expert contributors Donald E Proulx CHW National Education Collaborative University of Arizona *Nursing Administration Handbook* Howard S. Rowland, Beatrice L. Rowland, 1997 This handbook presents the concepts of the administrative process as applied to the administration of healthcare delivery The purpose of the book is to provide a roadmap for nurse administrators to use as they negotiate their way through an increasingly complex and evolving field It is a text and a hands on reference Texts such as this are needed and authors objectives are met The book is a text for students and handbook for nurse executives My judgment is that it is for graduate students and beginning managers for the most part The authors are credible given it is their fourth edition of the book The illustrations include tables and examples of management tools that serve to highlight important points in the text References are mostly from the early to mid 1990s with some of the older more historical references The table of contents is thorough and easy to use This book covers thoroughly the concepts incorporated in the nursing administration domain The framework for organizing the chapters is an acceptable framework but not one I prefer The book is useful and the tables and examples are helpful I would recommend its use as a basic reference for graduate students in nursing administration
