Maloy Krishna Dhar Open Secrets:

Open Secrets: India S Intelligence Unveiled Maloy Krishna Dhar,2005-12 Exposes the deplorable stories of blatant and brutal misuse of the India intelligence Indira Files: A Critical Look At The Controversial Side of Indira Gandhi Vishnu Sharma,2023-12-21 Analyze the controversial side of Indira Gandhi s political legacy with Indira Files offering a critical examination of her leadership and policies I have always felt that Indira Gandhi is the exceptional and foremost example of the dynastic politics of independent India She is a perfect example of dynastic rule on one hand she is called the Iron Lady on the other hand people pay tribute to her dictatorship for imposing emergency in the country Where on one hand Indira Gandhi carved her name in golden letters in Indian history by dividing Pakistan into two on the contrary she has also endured the slogans like Sanjay ki mummy badi nikammi for blindly loving her son like Gandhari loved Duryodhana Nonetheless we cannot forget that it was Indira Gandhi who gave wings to India s strength and courage by conducting the Nuclear Test however she was also the Prime Minister for whom the High Court issued orders to be removed from her office In fact Indira Gandhi is merely a symbol of dynasty politics The point here is to remind the young people that they cannot strive for ideal politics by idolising those who have flourished through family inheritance of post or position In today s scenario there are numerous political parties that operate under a single family s control Although I hold great admiration for Indira Gandhi however her darker side is perhaps more prominent Hence I believe that young aspirants who are interested in politics can learn valuable lessons from this book on what not to do *Re-Energising Indian Intelligence* Manoj Shrivastava,2013-04-01 This book covers a vast canvas historically as regards Indian Intelligence and gives an adequate insight into the functioning of the important intelligence agencies of the world The author has analysed the current functioning of Indian Intelligence agencies in great detail their drawbacks in the structure and coordination and has come out with some useful suggestions

Intelligence Services in South Asia Ryan Shaffer,ASM Ali Ashraf,2025-02-18 This book explores colonial and post colonial intelligence services in South Asia It traces the genealogy of the institutions to analyze changes and continuities throughout the region The volume also provides a framework for analyzing how intelligence services developed in these countries by looking at both internal and external issues and shows how vital and sometimes interconnected these issues are for understanding intelligence in South Asia It demonstrates how some countries and intelligence services borrowed from the colonial era and others started new institutions to protect national security in response to the shifting demands of the Cold War and post Cold War era Bringing together a group of international scholars the anthology delves into the intelligence services of Afghanistan Bangladesh Bhutan India the Maldives Myanmar Nepal Pakistan and Sri Lanka and traces how these national services developed in similar and diverse ways This book will be of much interest to students of intelligence studies Asian politics security studies and International Relations **The Handbook of Asian Intelligence Cultures** Ryan Shaffer,2022-10-03 As Asia increases in economic and geopolitical significance it is necessary to better understand the

region's intelligence cultures The Handbook of Asian Intelligence Cultures explores the historical and contemporary influences that have shaped Asian intelligence cultures as well as the impact intelligence service have had on domestic and foreign affairs In examining thirty Asian countries it considers the roles practices norms and oversight of Asia's intelligence services including the ends to which intelligence tools are applied The book argues that there is no archetype of Asian intelligence culture due to the diversity of history government type and society found in Asia Rather it demonstrates how Asian nations histories cultures and governments play vital roles in intelligence cultures This book is a valuable study for scholars of intelligence and security services in Asia shedding light on understudied countries and identifying opportunities for future scholarship
