mining companies will need time to meet their companies demand the current situation is going to sustain for at least a few more years to come and second although China runs the risk of selling off its REE resources abroad which it needs for its own economy at home it may benefit from the technology trans *The Director* ,2009 **Business Periodicals Index** ,2009 **Kiplinger's Personal Finance** ,2009 Analysis of the Combined Vehicle- and Post-vehicle-use Value of Lithium-ion Plug-in-vehicle Propulsion Batteries Brett Williams,Timothy Lipman,University of California, Berkeley.
