purchasing a quality product We encourage you to exercise caution when purchasing a manual for your motorcycle or
automobile as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by
individuals that really have no idea what they are selling Many are nothing more than poor quality comb bound or ring bound
photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively
described as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model
years With more than 250 titles in print VelocePress is one of the fastest growing specialty automobile and motorcycle
