The European Mainstream and the Populist Radical Right Pontus Odmalm,Eve Hepburn,2017-03-31 Are populist radical right PRR parties the only alternatives for voters seeking restrictive and assimilationist outcomes Or is a mainstream choice available Popular opinion and social media commentaries often criticize mainstream parties for facing in the same liberal and multicultural direction Literature on parties and elections equally suggests a convergence of policy positions and the disappearance of any significant differences between parties This edited volume is an attempt to challenge such perceptions and conclusions By systematically coding manifestos for seventeen mainstream and six PRR parties in Western Europe the book explores positional differences between mainstream and niche contenders over three key elections between 2002 and 2015 The findings indicate more choice than initially expected but these restrictive and assimilationist options are usually in close proximity to each other and typically less intense than those of the PRR This can help explain the continuous growth of the PRR despite the presence of a mainstream alternative Yet party system dynamics also matter Contributing authors thus investigate a number of arguments in the precarious relationship between mainstream parties the electorate and the PRR as well as between different mainstream parties

Nabokov's Art of Memory and European Modernism John Burt Foster, Jr.,1993-02-08 Despite Vladimir Nabokov s hostility toward literary labels he clearly recognized his own place in cultural history In a fresh approach stressing Nabokov s European context John Foster shows how this writer s art of memory intersects with early twentieth century modernism Tracing his interests in temporal

perspective and the mnemonic image in intertextual reminiscences and in individuality amid cultural multiplicity the book begins with such early Russian novels as *Mary* then treats his emerging art of memory from *Laughter in the Dark* to *The Gift* After discussing the author's cultural repositioning in his first English novels Foster turns to Nabokov's masterpiece as an artist of memory the autobiography *Speak Memory* and ends with an epilogue on *Pale Fire* As a cross cultural overview of modernism this book examines how Nabokov navigated among Proust and Bergson Freud and Mann and Joyce and Eliot It also explores his response to Baudelaire and Nietzsche as theorists of modernity and his sense of Dostoevsky Tolstoy and Pushkin as modernist precursors As an approach to Nabokov the book reflects the heightened importance of autobiography in current literary study Other critical issues addressed include Bakhtin's theory of intertextuality deconstructive views of memory Benjamin's modernism of memory and Nabokov's assumptions about modernism as a concept
