## **Britten War Requiem Score:**

**Britten: War Requiem** Mervyn Cooke, 1996-11-07 Widely regarded as one of the greatest choral works of the twentieth century Britten's War Requiem was first performed at the consecration of the new Coventry Cathedral in 1962 It provocatively juxtaposes the vivid anti war poetry of Wilfred Owen with the Latin Requiem Mass in a passionate outcry against man's inhumanity to man This handbook explores the background to Britten's use of the Owen texts charting the development of the composer's lifelong pacifist beliefs and in a chapter contributed by Philip Reed of the Britten Pears Library Aldeburgh detailing the process of composition from hitherto unpublished correspondence and manuscript sources The musical structure is investigated and the work's compositional idiom related to Britten's output as a whole A concluding chapter surveys the fluctuating critical responses to the score and includes discussion of the composer's legendary 1963 recording and Derek Jarman's controversial interpretation on film

**Literatures of War** Eve Patten, Richard Pine, 2020-11-09 The most terrible disaster that one group of human beings can inflict on another is war Wars cause misery on an indescribable scale Yet we go on doing it to one another generation after generation Why Warfare is a recurrent and universal characteristic of human existence The mythologies of practically all peoples abound in wars and the superhuman deeds of warriors and pre literate communities

apparently delighted in the recital of stories about battles Since our species became literate a mere 5 000 years ago written history has mostly been the history of wars Thousands who knew war evidently sickened of it and dreamt of lasting peace expressing their vision in literature and art in philosophy and religion They imagined Utopias freed of martial ambition and bloodshed which harked back to the Golden Age of classical antiquity to the Christian vision of a paradise lost and to the Arcadia of Greek and Latin poetry so richly celebrated in the canvases of Claude and Poussin All these things bear eloquent testimony to the human longing for peace but they have not triumphed over our dreadfully powerful propensity to war from the Introduction by Anthony Stevens In this multi disciplinary collection of essays on the manifestations of war in poetry fiction drama music and documentaries scholars and practitioners from an international context describe the transformation of the war experience into chronicles of hope and despair from Herodotus up to the present day War Requiem Benjamin Britten,1962 *Enemy Intimacies and Strange Meetings in Writings of Conflict 1800-1918* Holly Furneaux,2025-04-03 Propaganda others the enemy as brutish brutal and lacking in humanity By contrast a wealth of literary and first hand writings present switches in which the enemy becomes as Wilfred Owen famously put it a strange friend This book focuses on moments of intimacy and reassessment between military enemies truces treatment of the wounded relationships with prisoners of war It is concerned with the work done by declarations of fellow feeling both to challenge and enable militarism The book explores enemy intimacies in literature philosophy and life writings to ask questions about the nature of amity enmity familiarity and otherness It ranges across British conflicts of the long nineteenth century a period in which ideas about the uniqueness of combat experience coalesced with a European effort to secure a distinctive version of so called civilized humanity The sense that soldiers of the other side bonded by experiences unavailable to civilians were just like us came into tension with views about the dissimilarity of other nations and races This book considers which enemies can become familiar and which are held as other investigating dividing lines of nation race religion and culture *Enemy Intimacies and Strange Meetings* asks how far these affectively powerful encounters can shift individual and wider narratives about civilisation and humanitarianism Attention to the violence that can be done by claiming and denying fellow feeling is held in tension with hope in the queer possibilities of reoriented compassion This book uncovers a rich cultural history of enemy intimacies to consider different orientations of cosmopolitanism and humanitarian fellow feeling while recognizing and explaining the ways in which full international kinship remains elusive **War Requiem. who are intimidated by the modern repertoire finally have a single resource that will help them understand and enjoy it Like an educated guide he walks the listener through the piece explaining how all the elements come together to form a unified whole This book serves the general reader interested in 20th century music plus students teachers and scholars
